**The description and explanation of a 'universal character'; or, manner of writing, that may be intelligible to the inhabitants of every country** Description,1835     **Three Translations of The Koran (Al-Qur'an) side by side**

Anonymous,2022-06-13 In Three Translations of The Koran Al Qur'an side by side the anonymous author provides a profound exploration of Islamic scripture through the comparative analysis of three distinct English translations of the Koran. This book facilitates a literary examination of the subtleties and nuances inherent in the original Arabic text showcasing variances in interpretation and style. The side by side format establishes a unique context allowing readers to appreciate the complexities of themes such as faith, morality, and guidance that resonate throughout the verses enhancing both scholarly study and spiritual reflection. The anonymity of the author underscores a universal approach to sacred texts suggesting an intent to invite diverse readers regardless of religious background into a deeper understanding of the Koran. This choice may reflect the author's recognition of the text's global significance and the potential for dialogue among cultures. By presenting multiple interpretations, the author allows for a richer discourse on faith and thought that might appeal to both practitioners of Islam and academics alike. For anyone seeking to deepen their understanding of the Koran or the broader cultural tapestry of Islamic thought, this book is an indispensable resource. It's especially recommended for those engaged in comparative religion, linguistics, or translation studies as it provides an invaluable framework to critically assess the multiple layers of meaning within this foundational text.

*The Meaning of the Holy Qur'an* ,2015-08-15 The Qur'an is the inimitable and direct Word of God. It was revealed to the Prophet Muhammad over twenty three years who faithfully transmitted it to humanity in the seventh century. Since then the text and meaning of the Qur'an has been preserved word for word exactly as it was fourteen hundred years ago. It is a Book of Guidance for all mankind with a central message of God's Oneness. Yet it has several layers of meaning and beauty that are easily lost in translation. This splendid translation originally prepared in 1934 aimed to help readers understand the meaning of the Qur'an but also to appreciate its beauty and catch something of the grandeur of the Arabic. This is a compact and revised edition of Abdullah Yusuf Ali's translation of The Meaning of the Holy Qur'an in modern English. It contains the complete translation of the Qur'anic text and retains essential notes of Yusuf Ali's exhaustive commentary on the Qur'an which enables the reader to gain a better understanding of its message and helps to reveal some of the inexhaustible depth of knowledge it contains. One of the most widely used and known translations of the Qur'an into modern English with 472 notes and an introduction. Abdullah Yusuf Ali (1872-1953) was an Indian Islamic scholar. In 1938, Yusuf Ali's translation of the Qur'an was published in Lahore. His translation of the Qur'an is one of the most widely known and used in the English speaking world. He died in 1953 in London, United Kingdom.
