Taste Sarah E. Worth, 2021-11-11 A thoughtful consideration of taste as a sense and an idea and of how we might jointly develop both. When we eat, we eat the world, taking something from outside and making it part of us. But what does it taste of? And can we develop our taste? In *Taste*, Sarah Worth argues that taste is a sense that needs educating for the real pleasures of eating only come with an understanding of what one really likes. From taste as an abstract concept to real examples of food, she explores how we can learn about and develop our sense of taste through themes ranging from pleasure, authenticity, and food fraud to visual images, recipes, and food writing.
