Tempest in Time Eugenia Riley,1996 **Discoveries on the Early Modern Stage** Leslie Thomson,2018-07-19 This is a study of the dramatic use treatment and staging of performed discoveries actions which the theatre is uniquely able to exploit visually and explore verbally The motif of discovery in the now almost obsolete sense of uncovering or disclosing is prominent in the language and action of Elizabethan Jacobean and Caroline plays Visual discoveries are used repeatedly through the period by virtually every playwright regardless of company or venue These discoveries are of two different but related kinds the disguise discovery the removal of a disguise to uncover identity and the discovery scene the opening of curtains or doors to reveal a place or the removal of a lid or cover to effect a disclosure This is the first analysis of staged discoveries as such in it I show how and why these actions are essential to the way a play dramatizes and explores such interrelated matters as deception privacy secrecy and truth knowledge justice and renewal **Information Security**
