**Svay** May Mayko Ebihara, 2018-02-15 May Mayko Ebihara 1934-2005 was the first American anthropologist to conduct ethnographic research in Cambodia. Svay provides a remarkably detailed picture of individual villagers and of Khmer social structure and kinship, agriculture, politics, and religion. The world Ebihara described would soon be shattered by Pol Pot's Khmer Rouge. Fifty percent of the villagers perished in the reign of terror, including those who had been Ebihara's adoptive parents and grandparents during her fieldwork. Never before published as a book, Ebihara's dissertation served as the foundation for much of our subsequent understanding of Cambodian history, society, and politics.

**Vindeon** Tom Oden Ahlvist, 2019-03-22 Vindeon is a brand new fantasy role-playing game focusing heavily on immersive acting and fast action rules, enabling players to get the most out of their game sessions. The Setting: The world is not healed. The elves, dwarves, and humans have just begun to recover and rebuild after the devastation wrought by conflict and change. But not all. Some realms fell in the chaos and now lies in ruins or serve even darker purposes. In this time of instability, you are trying to find your place in the world. There is no telling what fate Vindeon has in store for you or your companions. No telling how small or grand adventure looming just beyond the horizon or behind the next bend of the forest trail. Player Character: You play a character in a darkening torn world who embarks on an adventure or campaign, forging your destiny along the way or die trying. The world is unforgiving, often brutal, but it is not yet bereft of love and joy. There will always be hope. Embark on these undertakings as one of the three playable races: humans, dwarves, and elves. Choose from nine unique human, dwarven, or elven cultures and their culture-specific professions to customize your character to fit your preferred play style and acting. Or go rogue and create a profession of your own. Fate is in your hands. Welcome to Vindeon.

Dempsey, 2015-11-16 Sacred Matters explores the lives of material objects in South Asian religions. Spanning a range of traditions including Hinduism, Islam, Jainism, Buddhism, and Christianity, the book demonstrates how sacred items influence and enliven the worlds of religious participants across South Asia and into the diaspora. Contributors examine a variety of objects to describe the ways sacred materials derive and confer

meaning and efficacy emerging from and giving shape to religious and nonreligious realms alike Material forms of deity and divine power are considered along with commonplace ritual items including images clay pots and camphor The work also attends to materiality s complex role within the materially suspicious contexts of Islam Theravada Buddhism and Roman Catholicism This engaging collection presents new frameworks for contemplating the ways in which historical social and sacred processes intertwine and collectively shape human and divine activity *The Holy Land* David Roberts,Louis
