Wiegand, 2024-08-30 Librarians around the country are currently on a battleground defending their right to purchase and circulate books dealing with issues of race and systemic racism Despite this work the library community has often overlooked even ignored its own history of White supremacy and deliberate inaction on the part of White librarians and library leadership Author Wayne A Wiegand takes a crucial step to amend this historical record In Silence or Indifference Racism and Jim Crow Segregated Public School Libraries analyzes and critiques the world of professional librarianship between 1954 and 1974 Wiegand begins by identifying racism in the practice and customs of public school libraries in the years leading up to the Brown v Board of Education decision This culture permeated the next two decades as subsequent Supreme Court decisions led to feeble and mostly unsuccessful attempts to integrate Jim Crow public schools and their libraries During this same period the profession was honing its national image as a defender of intellectual freedom a proponent of the freedom to read and an opponent of censorship Still the community did not take any unified action to support Brown or to visibly oppose racial segregation As Black school librarians and their Black patrons suffered through the humiliations and hostility of the Jim Crow educational establishment the American library community remained largely ambivalent and silent The book brings to light a distressing history that continues to impact the library community its students and its patrons Currently available school library literature skews the historical perspective that informs the present In Silence or Indifference is the first attempt to establish historical accountability for the systemic racism contemporary school librarianship inherited in the twenty first century **The African American National Biography: Roman-Tzomes** Henry Louis Gates (Jr.), Evelyn Brooks Higginbotham, 2008 An 8 volume reference set containing over 4 000 entries written by distinguished scholars The African American National Biography is the most significant and expansive compilation of black lives in print today **The African American National Biography** Henry Louis Gates, Evelyn Brooks Higginbotham, 2008 An 8 volume reference set containing over 4 000 entries written by distinguished scholars The African American National Biography is the most significant and expansive compilation of black lives in print today **Africa** ,1974 **The American Missionary** ,1891 Vols 13 62 include abridged annual reports and proceedings of the annual meetings of the American Missionary Association 1869 1908 v 38 62 include abridged annual reports of the Society s Executive committee 1883 84 1907 1908 **Black Literature Criticism: Achebe-Ellison** ,1992 **Black Women in America** Darlene Clark Hine, 2005 Winner of the Dartmouth Medal for Outstanding Reference Publication of 1994 the first edition of Black Women in America broke ground pulling together for the first time all of the research in this vast but underrepresented field to provide one of the strongest building blocks of Black Women s Studies Hailed by Eric Foner of Columbia University for a Lingua Franca survey as one of those publishing events which changes the way we look at a field it simultaneously filled a void in the literature and sparked
