The Routledge Introduction to Twentieth- and Twenty-First-Century Canadian Poetry Erin Wunker,2022-11-21 When asked the question what is the power of poetry writer Ian Williams said poetry punctures the surface Williams statement that poetry matters and that it does something is at the heart of this book Building from this core idea that poetry perforates the everyday to give greater range to our lives and our thinking the practical and pedagogical aim of this book is twofold the first aim is to provide students with an introduction to the key cultural political and historical events that inform twentieth and twenty first century Canadian poetry and to familiarize those same readers with poetic movements trends and forms of the same time period This book addresses the aesthetic and social contexts of Canadian poetry written in the twentieth and twenty first centuries it models for its readers the critical and theoretical discourses needed to understand the contexts of literary production in Canada Put differently readers need a sense of the where and how of poetic production to help situate them in the what of poetry itself In addition to offering a historically contextualized overview of the significant movements developments and poets of this time period this book also familiarizes readers with key moments of reflection and rupture such as the effects of economic and ecological crisis global conflicts and debates around appropriation of culture This book is built on the premise that poetry in Canada does not happen outside of political social and cultural contexts **Dictionary of**

Alan Crawley and Contemporary Verse Joan

McCullagh, 2011-11-01 Little magazines like Alan Crawley's *Contemporary Verse* are the life blood of literary culture. They provide an ongoing forum in which both well established and new poets can experiment and present their latest work and it is often with the little magazines therefore that literary change and originality have their beginnings. Today there is no shortage of such outlets in Canada. But in 1941 when Alan Crawley began to publish *Contemporary Verse* in North Vancouver there were only two in the whole country. Both of these Canadian Poetry Magazine and Canadian Forum were in the East and neither was in any way committed to modernism. *Contemporary Verse* thus became a major element in the foundations of modern Canadian poetry. In this book Joan McCullagh shows how between 1941 and 1952 the magazine charted the establishment of modernism in Canadian poetry by publishing even before 1947 the largest, most impressive and most representative collection of early forties poetry in the country. Her extensive quotation from the hitherto unpublished correspondence between Crawley and nearly every major poet of the forties also shows how important and valued a literary influence Crawley himself was as a critic and advisor behind the scenes. Daryl Hine and Jay Macpherson are only two of the poets who were first encouraged and guided by Alan Crawley's private criticism of work they sent him and then first published in *Contemporary Verse*. Other poets with whom he corresponded at length and whose poetry he published including P K Page, James Reaney, Louis Dudek, Raymond Souster, Dorothy Livesay, Anne Wilkinson and Earle Birney. Very few libraries even in Canada hold a complete set of the 39 issues of *Contemporary Verse*. The index to the magazine that Joan McCullagh has compiled and included here will therefore serve not only as a guide to *Contemporary Verse* itself but also as an indispensable publishing record of many Canadian poets during the 1940s.
