*The Griffith Project, The Volume 7* Paolo Cherchi Usai, 2019-07-25 No other silent film director has been as extensively studied as D W Griffith. However only a small group of his more than five hundred films has been the subject of a systematic analysis and the vast majority of his other works still await proper examination. For the first time in film studies the complete creative output of Griffith from *Professional Jealousy* 1907 to *The Struggle* 1931 will be explored in this multivolume collection of contributions from an international team of leading scholars in the field. Created as a companion to the ongoing retrospective held by the Pordenone Silent Film Festival the Griffith Project is an indispensable guide to the work of a crucial figure in the arts of the nineteenth century. This volume covers the year 1913 and includes J B Kaufman's notes on the Griffith supervised *Liberty Belles* and *A Fair Rebel* as well as Griffith's first feature *Judith of Bethulia*.
