## Tepper Isn't Going Out:

*Tepper Isn't Going Out* Calvin Trillin, 2002-01-15 Murray Tepper would say that he is an ordinary New Yorker who is simply trying to read the newspaper in peace But he reads while sitting behind the wheel of his parked car and his car always seems to be in a particularly desirable parking spot Not surprisingly he is regularly interrupted by drivers who want to know if he is going out Tepper isn't going out Why not His explanations tend to be rather literal the indisputable fact for instance that he has twenty minutes left on the meter Tepper's behavior sometimes irritates the people who want his spot Is that where you live Is that car rent controlled It also irritates the mayor Frank Ducavelli known in tabloid headlines as Il Duce who sees Murray Tepper as a harbinger of what His Honor always calls the forces of disorder But once New Yorkers become aware of Tepper some of them begin to suspect that he knows something they don't know And an ever increasing number of them are willing to line up for the opportunity to sit in his car with him and find out Tepper Isn't Going Out is a wise and witty story of an ordinary man who perhaps innocently changes the world around him **BONUS** This edition contains an excerpt from Calvin Trillin's *Quite Enough* of Calvin Trillin

**The High Cost of Free Parking** Donald Shoup, 2017-10-20 One of the American Planning Association's most popular and influential books is finally in paperback with a new preface from the author on how thinking about parking has changed since this book was first published In this no holds barred treatise Donald Shoup argues that free parking has contributed to auto dependence rapid urban sprawl extravagant energy use and a host of other problems Planners mandate free parking to alleviate congestion but end up distorting transportation choices debasing urban design damaging the economy and degrading the environment Ubiquitous free parking helps explain why our cities sprawl on a scale fit more for cars than for people and why American motor vehicles now consume one eighth of the world's total oil production But it doesn't have to be this way Shoup proposes new ways for cities to regulate parking namely charge fair market prices for curb parking use the resulting revenue to pay for services in the neighborhoods that generate it and remove zoning requirements for off street parking Such measures according to the
