EL HUERTO DE CENIZAS Julio César Carreras González, **EN MEDIO DE LAS CENIZAS** Julio César Carreras González, *Ardenas 1944* Antony Beevor,2015-05-19 El sábado 16 de diciembre de 1944 Hitler inició su última jugada en los bosques nevados de las Ardenas Su intención era realizar un ataque por sorpresa que avanzando hacia Amberes dividiese los ejércitos aliados e hiciese posible infligirles una severa derrota un nuevo Dunquerque que cambiase el curso de una guerra que había llegado a una situación angustiosa con los ejércitos soviéticos avanzando en suelo alemán El ataque en el que intervendrían dos ejércitos blindados se complementaba con la actuación en la retaguardia de un comando de soldados alemanes con uniformes y vehículos norteamericanos Como hiciera en Stalingrado Beevor consigue aquí combinar una visión picaresca de la que fue la mayor batalla de la guerra en el frente occidental una batalla librada en condiciones extremas que llega a implicar a un millón de hombres y en la que los dos bandos cometieron crímenes brutales con una aproximación directa al heroísmo el miedo y el sufrimiento de los seres humanos *Hitler's Shadow Empire* Pierpaolo Barbieri,2015-04-14 A revealing look at Nazi involvement in the Spanish Civil War their economic ambitions how it came to be and how they operated Pitting fascists and communists in a showdown for supremacy the Spanish Civil War has long been seen as a grim dress rehearsal for World War II Francisco Franco's Nationalists prevailed with German and Italian military assistance a clear instance it seemed of like minded regimes joining forces in the fight against global Bolshevism In *Hitler's Shadow Empire* Pierpaolo Barbieri revises this standard account of Axis intervention in the Spanish Civil War arguing that economic ambitions not ideology drove Hitler's Iberian intervention The Nazis hoped to establish an economic empire in Europe and in Spain they tested the tactics intended for future subject territories The Nazis provided Franco's Nationalists with planes armaments and tanks but behind this largesse was a Faustian bargain Through weapons and material support Germany gradually absorbed Spain into an informal empire extending control over key Spanish resources in order to fuel its own burgeoning war industries This plan was only possible and profitable because of Hitler's economic czar Hjalmar Schacht a wizard of international finance His policies fostered the interwar German recovery and consolidated Hitler's dictatorship Though Schacht's economic strategy was eventually abandoned in favor of a very different conception of racial empire Barbieri argues it was in many ways a more effective strategic option for the Third Reich Deepening our understanding of the Spanish Civil War by placing it in the context of Nazi imperial ambitions *Hitler's Shadow Empire* illuminates a fratricidal tragedy that still reverberates in Spanish life as well as the world war it heralded Praise for *Hitler's Shadow Empire* A fascinating beautifully written account of a plan for the German economic domination of Europe that was pushed in the 1930s by the Nazis but above all by non Nazi and more traditionally oriented German economic bureaucrats Barbieri makes

us think again about the relationship between economics and racial policies in the making of Nazi aggression Harold James author of Making the European Monetary Union Hitler's Shadow Empire recasts our understanding of the German and Italian interventions in the Spanish Civil War In this brilliant debut Barbieri shows that informal imperialism played a more important part than fascist ideology in the way that Berlin looked at the conflict Barbieri also has a keen ear for the continuing echoes of the Civil War for Spain and indeed for Europe today Niall Ferguson author of The Ascent of Money

Historical Dictionary of the Spanish Civil War Francisco J. Romero Salvadó, 2013-03-14 The tragedy that devastated Spain for 33 months from July 1936 to April 1939 was first and foremost a brutal fratricidal conflict the product of the fatal clash between diametrically opposed views of Spain and an attempt to settle crucial issues which had divided Spaniards for generations agrarian reform recognition of the identity of the historical regions Catalonia the Basque Country and the roles of the Catholic Church and the armed forces in a modern state Being a war between Spaniards it was particularly brutal but it was also part of the broader move toward war in Europe and thus sucked in many volunteers from abroad And it left a deep imprint since General Francisco Franco remained at the helm of the country until his death in 1975 The Historical Dictionary of the Spanish Civil War covers the history of the war first through a long chronology which highlights the major steps from the incubation to the conclusion The overall situation is summed up in the introduction Then the dictionary section fleshes it out with over 600 entries on persons places events institutions battles and campaigns More reading can be found in an extensive bibliography This book is an excellent access point for students researchers and anyone wanting to know more about the Spanish Civil War
