thanks in passing for the unfailing kindness and courtesy which attended my work in both places The transcripts in the first place and the proof afterwards have been carefully collated with the original copies The text of both the plays in this volume has also been corrected in proof by copies of the Quartos in the Boston Public Library For this final collation I am indebted to the General Editor of this Series It is my hope that the text here presented is as nearly accurate as it can be made In the brief Biography I have attempted to restate the few known facts of Chapman s life in such a way as to give what seems to me a more connected view of his work than is usually afforded In the Introduction I have tried to trace the development of Chapman s art as a comic dramatist and to fix his conception of comedy as compared with that of contemporary writers The Notes are intended to show Chapman s occasional borrowings from older works to explain obscure allusions and when necessary to elucidate involved passages by the method of paraphrase The interpretation of single words has been entrusted to the Glossary In the preparation of this edition I have received assistance from many friends About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
