

The Golden Hoard

LaSelle Gilman

The Golden Hoard:

Russia and the Golden Horde Charles Halperin, 1987-07-22 an imaginative and dispassionate re examination of the significance of the Mongol Conquest and its aftermath for Russia's historical development Slavic Review On all counts Russia and the Golden Horde infuses the subject with fresh insights and interpretations History Combining rigorous analysis of the major scholarly findings with his own research Halperin has produced both a much needed synthesis and an important original work Library Journal Halperin's new book combines sound scholarship and a flair for storytelling that should help publicize this all too unfamiliar tale in the West Virginia Quarterly Review It is a seminal work that will be repeatedly cited in the future The Historian ingenious and highly articulate Russian Review *The Golden Horde* LaSelle Gilman, 1942 Adventure of Russian fleeing his country through Mongolia Tibet and China and the princess with whom he falls in love

Islamization and Native Religion in the Golden Horde Devin DeWeese, 2010-11-01 This book is the first substantial study of Islamization in any part of Inner Asia from any perspective and the first to emphasize conversion narratives as important sources for understanding the dynamics of Islamization Challenging the prevailing notions of the nature of Islam in Inner Asia it explores how conversion to Islam was woven together with indigenous Inner Asian religious values and thereby incorporated as a central and defining element in popular discourse about communal origins and identity The book traces the many echoes of a single conversion narrative through six centuries the previously unknown recounting of the dramatic contest in which the khan zbek adopted Islam at the behest of a Sufi saint named Baba T kles DeWeese provides the English language translation of this and another text as well as translations and analyses of a wide range of passages from historical sources and epic and folkloric materials Not only does this study deepen our understanding of the peoples of Central Asia involved in so much turmoil today but it also provides a model for other scholars to emulate in looking at the process of Islamization and communal religious conversion in general as it occurred elsewhere in the world *The Golden Horde* Peter Morwood, 1993 The third volume in Peter Morwood's epic Prince Ivan fantasy **The Golden Horde** Charles River, 2020-06-05 Includes pictures Includes a bibliography for further reading Though history is usually written by the victors the lack of a particularly strong writing tradition from the Mongols ensured that history was largely written by those who they vanquished Because of this their portrayal in the West and the Middle East has been extraordinarily and in many ways unfairly negative for centuries at least until recent revisions to the historical record The Mongols have long been depicted as wild horse archers galloping out of the dawn to rape pillage murder and enslave but the Mongol army was a highly sophisticated minutely organized and incredibly adaptive and innovative institution as witnessed by the fact that it was successful in conquering enemies who employed completely different weaponry and different styles of fighting from Chinese armored infantry to Middle Eastern camel cavalry and Western knights and men at arms Likewise the infrastructure and administrative corps which governed the empire though largely borrowed from the Chinese was inventive practical and

extraordinarily modern and efficient This was no fly by night enterprise but a sophisticated complex and extremely well oiled machine While the Golden Horde technically refers to part of the Mongol Empire today the Golden Horde is often used interchangeably with the Mongol forces as a whole As such the Golden Horde conjures vivid images of savage barbarian horsemen riding across the steppes an unstoppable force mindlessly slaughtering and burning It is often imagined that they conquered by sheer brutality and terror and that they epitomized everything that came from the east uncivilized brutal and undisciplined This sensationalized image impressed upon the West by Hollywood and by the perception of the Yellow Peril that has colored Western views toward Asia for a long time began almost from the beginning The Mongols treasured art and literature and protected religion that of their subjects as well as their own and trade commerce and cultural exchanges flourished under the Golden Horde and the other Mongol khanates but that escaped the notice of their contemporaries Giovanni de Plano Carpini a papal envoy journeying through Russia on his way to the Khan of the Golden Horde noted They the Mongols attacked Rus where they made great havoc destroying cities and fortresses and slaughtering men and they laid siege to Kiev the capital of Rus after they had besieged the city for a long time they took it and put the inhabitants to death When we were journeying through that land we came across countless skulls and bones of dead men lying about on the ground Kiev had been a very large and thickly populated town but now it has been reduced almost to nothing for there are at the present time scarce two hundred houses there and the inhabitants are kept in complete slavery What can t be disputed is that the Golden Horde directly affected Eastern Europe for nearly 250 years and even after its rapid rise brought about a long tortuous decline it has continued to shape the destiny of that region The Golden Horde The History and Legacy of the Mongol Khanate examines the events that led to the rise of the khanate what life was like there and how the Mongols fought Along with pictures depicting important people places and events you will learn about the Golden Horde like never before

History of the Mongols, from the 9th to the 19th Century ... Sir Henry Hoyle Howorth,1880 *History of the Mongols from the 9th to the 19th Century* H. H.
