driven mad or a woman giving birth and raced a ten horse chariot in the Olympic games He probably instigated the burning of Rome for which he then ordered the spectacular punishment of Christians many of whom were burned as human torches to light up his gardens at night Without seeking to rehabilitate the historical monster Champlin renders Nero more vividly intelligible by illuminating the motives behind his theatrical gestures and revealing the artist who thought of himself as a heroic figure Nero is a brilliant reconception of a historical account that extends back to Tacitus Suetonius and Cassius Dio The effortless style and artful construction of the book will engage any reader drawn to its intrinsically fascinating subject
