The German Classics of the Nineteenth and Twentieth Centuries, Vol. 9 of 20 Kuno Francke, 2016-08-23 Excerpt from *The German Classics of the Nineteenth and Twentieth Centuries* Vol 9 of 20 Masterpieces of German Literature Translated Into English Friedrich Hebbel Otto Ludwig The painters represented here alongside with the two writers to whom this volume is devoted are Cornelius Schnorr von Carolsfeld, Rethel and Kaulbach. These men were not only contemporary with Hebbel and Ludwig but may indeed be called their artistic counterparts. Though widely differentiated by individual temper and talent these painters and poets belong to the same phase of mid century German literature and art the striving of Romanticism beyond itself the struggle for a new style uniting depth of feeling and terseness of delineation the longing for a new View of life harmonizing the worship of the past with the demands of modern society and the problems of the day. Hence the heroic note in the work of these painters and poets hence their predilection for great historical or mythological or religious subjects.

hence their leaning toward tragic conflicts in every day situations hence their all too conscious striving for pointed effects hence also the inspiring influence emanating from their best productions About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
