Lau, 2007 **The Gilded Cage** Ya-Wen Lei, 2023-11-21 How China's economic development combines a veneer of unprecedented progress with the increasingly despotic rule of surveillance over all aspects of life Since the mid 2000s the Chinese state has increasingly shifted away from labor intensive export oriented manufacturing to a process of socioeconomic development centered on science and technology Ya Wen Lei traces the contours of this techno developmental regime and its resulting form of techno state capitalism telling the stories of those whose lives have been transformed for better and worse by China's rapid rise to economic and technological dominance Drawing on groundbreaking fieldwork and a wealth of in depth interviews with managers business owners workers software engineers and local government officials Lei describes the vastly unequal values assigned to economic sectors deemed high end versus low end and the massive expansion of technical and legal instruments used to measure and control workers and capital She shows how China's rise has been uniquely shaped by its time compressed development the complex relationship between the nation's authoritarian state and its increasingly powerful but unruly tech companies and an ideology that fuses nationalism with high modernism technological fetishism and meritocracy Some have compared China's extraordinary transformation to America's Gilded Age This provocative book reveals how it is more like a gilded cage one in which the Chinese state and tech capital are producing rising inequality and new forms of social exclusion **The Golden Cage** Veronica Tucker, 1996 **The Snuff Bottle Boy** Ijen Kim, 2018 *The Golden Cage* Camilla Läckberg, 2020-07-07 An over the top psychological thriller that tells the story of the scorned wife of a billionaire and her delicious plot to get revenge and bring him to his knees a sexy deliciously dark journey Los Angeles Times from a global superstar Faye has loved Jack since they were students at business school Jack the perpetual golden boy grew up wealthy unlike Faye who has worked hard to bury a dark past When Jack needed help launching a new company Faye left school to support him waitressing by day and working as his strategist by night When the business took off Faye stayed home and cared for their daughter Now she is wealthier than she ever imagined but more and more removed from the excitement of the business world And none of the perks of wealth make up for the fact that Jack has
