Talking Cure Poems:

Talking Cure Lisa Zeidner, 1982 *The Talking Cure* Jack Coulehan, 2020-07 In *The Talking Cure* physician poet Jack Coulehan provides new poems plus a selection of work from six other books His work explores the mysterious tension between tenderness and steadiness in medical practice plumbing into life's essential minutiae the observed moment the healing gesture the internal response These poems look beyond the difficulties of physical existence to see the worth and holiness of the individual With directness passion and even humor they evoke an ethic of compassionate solidarity between patient and doctor person and family the individual and the community Jack Coulehan's *The Talking Cure* takes us on a wild wonderful and wide ranging journey sweeping us along on a current of poems accomplished fierce gentle intelligent and above all compassionate Coulehan writes about the joys of medicine of family of love and faith while not ignoring the frustrations of caring deeply for others how sometimes even the most compassionate must struggle to squeeze a portion of the heart allowing a few drops of compassion to escape *Lift Up Your Heart* The author writes most often in the voice of a physician but also in the voice of patients revealing their terrors and ravages fears often shared by the narrator as he deftly balances the clinical and the humane in poetry that is rich with images deeply personal and often simply beautiful Cortney Davis author of *Taking Care of Time* www.cortneydavis.com In *The Talking Cure* distinguished physician and poet Jack Coulehan gathers thirty years of his work at the intersection of storytelling and healing Here we encounter us all a six hundred pound man propped up in side by side hospital beds a wife of a doctor turned by illness into patient herself a man in the clinic of a local Starbucks becomes a woman the absent fathers and distant mothers each afflicted with the same need to be heard and to be seen in the miserable beauty of our shared human condition We hear their heartbeats in this skilled poet's iambs and see their swollen legs in the full shapes of stanzas Like Chekhov and Whitman kindred spirits he evokes in his every line Coulehan asks How can I open up give voice turn these words into flesh His answer is this unflinching humane and always attentively listening of poetry Rafael Campo author of *Comfort Measures Only* Here in your hands is the best glimpse available into our world of medicine its joys and sorrows its discoveries and its mysteries Here are poems that will stay with you poems of courage poems of value to you Dr Coulehan gives us the best words in the best order You can't do better than that Michael A LaCombe MD MACP FRCP London LHD hon Poetry Editor *Annals of Internal Medicine* Jack Coulehan the author of this remarkable collection once wrote that physicians need both steadiness and tenderness to practice their trade I would add as do poets Each poem in *The Talking Cure* brings a disarmingly honest and steadfast gaze to the joys and sorrows of the human condition filtered through profound observations about doctors and patients people and places Simultaneously each piece is suffused with a fierce compassion that acknowledges human vulnerability and finitude while celebrating our resilience and indomitable spirit These poems will inspire and uplift you even as they break your heart Johanna Shapiro PhD Director Program in Medical Humanities Arts UCI School of Medicine Writing the Talking Cure Jeffrey

Berman,2019-05-01 Explores Yalom s profound contributions to psychotherapy and literature A distinguished psychiatrist and psychotherapist Irvin D Yalom is also the United States most well known author of psychotherapy tales His first volume of essays Love s Executioner became an immediate best seller and his first novel When Nietzsche Wept continues to enjoy critical and popular success Yalom has created a subgenre of literature the therapy story where the therapist learns as much as if not more than the patient where therapy never proceeds as expected and where the therapist s apparent failure proves ultimately to be a success Writing the Talking Cure is the first book to explore all of Yalom s major writings Taking an interdisciplinary approach Jeffrey Berman comments on Yalom s profound contributions to psychotherapy and literature and emphasizes the recurrent ideas that unify his writings the importance of the therapeutic relationship therapist transparency here and now therapy the prevalence of death anxiety reciprocal healing and the idea of the wounded healer Throughout Berman discusses what Yalom can teach therapists in particular and the common and uncommon reader in general As a psychiatrist who has benefitted enormously not only from Yalom s writings but also from his mentorship I admire Berman s relationship to his subject They both write lucidly and imaginatively inviting the reader to accompany them on a personal journey that is intriguing but intellectually rigorous Reading this book helps me to better understand Yalom s dual roles as brilliant psychotherapist teacher and compelling novelist Berman s book by book examination of Yalom s work illustrates how good therapy involves facing reality and good fiction involves making stories come alive by resonating with the hard truths of life He is the perfect guide to Yalom capturing his wisdom and creativity with respect and clarity David Spiegel author of Living Beyond Limits New Hope and Help for Facing Life Threatening Illness This is a convincing celebration of and commentary on one of the most prominent psychotherapists of the last century For anyone interested in the popularization of an idiosyncratic form of existential psychotherapy for individuals and groups this will be an important book Murray Schwartz Emerson College In this richly textured book Berman takes us backstage in a warm and skillful exploration of Irvin Yalom s unmatched contributions as a psychotherapist author and educator We are provided a transparent view of how human healing emerges from our talking writing and reading Berman reminds us eloquently that psychotherapy is at its essence the process of human connection and the joint attribution of meaning to experience Molyn Leszcz The University of Toronto

Lyric Poetry Mutlu Blasing,2009-01-10 Lyric poetry has long been regarded as the intensely private emotional expression of individuals powerful precisely because it draws readers into personal worlds But who exactly is the I in a lyric poem and how is it created In Lyric Poetry Mutlu Blasing argues that the individual in a lyric is only a virtual entity and that lyric poetry takes its power from the public emotional power of language itself In the first major new theory of the lyric to be put forward in decades Blasing proposes that lyric poetry is a public discourse deeply rooted in the mother tongue She looks to poetic linguistic and psychoanalytic theory to help unravel the intricate historical processes that generate speaking subjects and concludes that lyric forms convey both personal and communal emotional histories in language Focusing on the

work of such diverse twentieth century American poets as T S Eliot Ezra Pound Wallace Stevens and Anne Sexton Blasing demonstrates the ways that the lyric I speaks from first to last as a creation of poetic language **Talking the Walk & Walking the Talk** Marc Shell,2015-09-01 This book argues that we should regard walking and talking in a single rhythmic vision In doing so it contributes to the theory of prosody our understanding of respiration and looking and in sum to the particular links across the board between the human characteristics of bipedal walking and meaningful talk The author first introduces the philosophical neurological anthropological and aesthetic aspects of the subject in historical perspective then focuses on rhetoric and introduces a tension between the small and large issues of rhythm He thereupon turns his attention to the roles of breathing in poetry as a life and death matter with attention to beats and walking poems This opens onto technical concepts from the classical traditions of rhetoric and philology Turning to the relationship between prosody and motion he considers both animals and human beings as both ostensibly able bodied creatures and presumptively disabled ones Finally he looks at dancing and writing as aspects of walking and talking with special attention to motion in Arabic and Chinese calligraphy The final chapters of the book provide a series of interrelated representative case studies *Signifying Pain* Judith Harris,2003-03-19 Explores the therapeutic uses and effects of writing in a post Freudian age **Poetry and Autobiography** Jo Gill,Melanie Waters,2013-12-16 This collection makes a critical and creative intervention into ongoing debates about the relationship between poetry and autobiography Drawing on recent theories of life writing the essays in the first part of this volume provide new analyses of works by a range of poets dating from the early modern period to the present day Exploring the autobiographical resonances of poems by Martha Moulsworth Mina Loy Anne Sexton Joe Brainard Edward Kamau Braithwaite and Gwyneth Lewis the authors here examine the extent to which discourses of truth and authenticity have been implicated in traditional interpretations of lyric poetry In doing so they endeavour to illuminate the complex intersections and divergences of poetry and autobiography asking what these forms might learn from each other about issues of shared concern from questions of identity and textuality to those of reference and audience The creative reflections which form the second part of the collection develop and respond to these questions in various suggestive and original ways here poetry and prose are used in order to test the relationship between poetry and life writing and to explore issues of memory time place subjectivity and voice This book was published as a special issue of Life Writing *The Cambridge Companion to Modern American Poetry* Walter Kalaidjian,2015-01-19 The Cambridge Companion to Modern American Poetry offers a critical overview of major and emerging American poets of the twentieth century *Talking Cures* Richard Howard,2002 Howard s title for his new collection is the old name for psychoanalysis and alludes to the therapeutic powers of speech under controlled circumstances *Contemporary Poets* Harold Bloom,2010 From the modernist explorations of the first half of the 20th century to the diverse styles and practitioners of the 21st century contemporary American poetry has forged a vital and enduring tradition This volume explores the genre s recent history and development
