Talks With T G Masaryk:

Talks with T.G. Masaryk Tomáš Garrigue Masaryk, Karel Čapek, 1995 Translated by Dora Round Tomas Garrigue Masaryk 1850 1937 was a philosophy professor who became the founder and first president of Czechoslovakia 1918 1935 and was a leading figure in world affairs between the wars Capek author of War with the Newts and Czechoslovakia's most prominent writer during these years interviewed Masaryk at great length and produced this volume that tells Masaryk's unique story

Conversations with T.G. Masaryk Karel Čapek, 2014 **Speech of T. G. Masaryk** Tomáš Garrigue

Masaryk, 1928 **T.G. Masaryk Revisited** Hanus J. Hajek, 1983 From Peoples Into Nations John Connelly, 2022-01-25

This book is a history of East Central Europe since the late eighteenth century the region of Europe between German central Europe and Russia in the East Connelly argues the region for which it is frequently hard to define exact boundaries and which is sometimes treated country by country in a way seemingly separate from the broader trends of European history was one of shared experience despite most of the peoples being divided by linguistic geographic and political barriers Beginning in the 1780s an unwitting Habsburg monarch Joseph II decreed that his subjects would use only German as he hoped to mold a common nationality using German over the disparate subjects Instead he unleashed the energies and struggle for the emergence of new nations that pitted small peoples armed with an idea against empires The author argues that the underlying national self assertion which emerged under imperial rule in the eighteen and nineteenth centuries shows deep connections to subsequent histories to the creation of nation states of the regions after World War I the failure of democratic rule in these states during the interwar years the submersion of the region under Nazi then Soviet rule after 1939 and to the reinvention of sovereign states and then the break up of two of them after 1989 The book interconnects major themes and country histories for first time chronicling this diverse region over many generations from the time of Joseph through democratic and socialist revolutions genocide and Stalinism through civil society movements struggling for liberal democracy into our own day when illiberal politicians come to power by exploiting very old fears

Blood Inscriptions Hillel J.

Kieval, 2022-02-15 Although the Enlightenment had seemed to bring an end to the widely held belief that Jews murdered Christian children for ritual purposes charges of the so called blood libel were surprisingly widespread in central and eastern Europe on either side of the turn to the twentieth century Well over one hundred accusations were made against Jews in this period and prosecutors and government officials in Germany Austria Hungary and Russia broke with long established precedent to bring six of these cases forward in sensational public trials In Blood Inscriptions Hillel J Kieval examines four cases the prosecutions that took place at Tiszaeszlár in Hungary 1882 83 Xanten in Germany 1891 92 Poln in Austrian Bohemia 1899 1900 and Konitz then Germany now in Poland 1900 1902 to consider the means by which discredited beliefs came to seem once again plausible Kieval explores how educated elites took up the accusations of Jewish ritual murder and considers the roles played by government bureaucracies the journalistic establishment forensic medicine and advanced legal

practices in structuring the investigations and trials The prosecutors judges forensic scientists criminologists and academic scholars of Judaism and other expert witnesses all worked hard to establish their epistemological authority as rationalists Kieval contends Far from being a throwback to the Middle Ages these ritual murder trials were in all respects a product of post Enlightenment politics and culture Harnessed to and disciplined by the rhetoric of modernity they were able to proceed precisely because they were framed by the idioms of scientific discourse and rationality Speech of T.G. Masaryk, President of the Czechoslovak Republic on the 10. Anniversary of the Attainment of the Country's Independence 28th October 1928 Tomáš Garrigue Masaryk,1928

Recalling Masaryk's The Czech Question ,2023-02-13 This book presents T G Masaryk s efforts to shape the identity of a small nation in late the 19th and early 20th century It features contributions from leading Czech scholars who analyse Masaryk s efforts 120 years later Masaryk is considered the most important figure in modern Czech history Drawing on the ideas of his ideological predecessors and humanists he wanted to integrate the Czech nation into the family of advanced world nations in line with international intellectual trends Masaryk was the first in world history to fulfil the Platonic ideal of a philosopher who founded a state
