Taming Wild Thoughts:

Taming Wild Thoughts Wilfred R. Bion, 2018-05-30 *Taming Wild Thoughts* brings together previously unpublished works from two different periods of the author's life which are linked as the author says in her introduction by the concept of classifying and conceptualizing thought. The first paper, *The Grid*, dates from 1963 and is a discussion of great clarity about one of the author's most widely used conceptual tools; it predates his more discursive paper of the same title published in *Two Papers* by several years. As a teaching paper on this topic, this version of *The Grid* is without parallel and will doubtless be of great value to all students of his work. The second part of the book consists of transcripts of two tape recordings made by Bion in 1977. They underline his interest in wild or stray thoughts and they provide an insight into his extraordinary sensibility at the time of *A Memoir of the Future*.

Taming Wild Thoughts Wilfred Ruprecht Bion, 1997 Brings together previously unpublished works from two different periods of Bion's career which are linked by the concept of classifying and conceptualizing thought. The first paper, *The Grid*, dates from 1963; the second part consists of transcripts of two tape recordings made by Bion in 1977 reflecting his interest in stray thoughts.

The Complete Works of W.R. Bion W. R. Bion, 2021-06-23 This volume contains articles that focus on categorising the ideational context and emotional experience that may occur in a psychoanalytic interview and that examine the way in which an analyst's description of the analytic experience necessarily transforms it in order to effect an interpretation.

Bion's Legacy in São Paulo Evelise Marra, Cecil Rezze, 2022-02-25 This collection illuminates the legacy of Wilfred R. Bion in Brazil, illustrating Bion's continued influence on the work of the São Paulo Psychoanalytic Society (SBPSP) and how Bionian ideas are applied in contemporary psychoanalysis and how current practice has evolved over time. Evelise de Souza Marra and Cecil Jos Rezze bring together theoretical and clinical approaches to provide a thorough perspective on Bionian work in Brazil. The book includes chapters by senior analysts, well-respected teachers and analytic clinicians in contemporary Brazilian psychoanalysis, each of which explores a topic central to Bion's formulations. With discussion of key themes including turbulence, emotional experience, transference, caesura and mental pain, this book demonstrates how Wilfred R. Bion's thought has been developed, transformed and applied in Brazil since his visits there in the 1970s. *Bion's Legacy in São Paulo* will be of great interest to psychoanalysts in practice and in training, particularly those looking to understand Bion's influence in more depth and for anyone interested in the practice of psychoanalysis in Latin America.

Wilfred Bion and Literary Criticism Naomi Wynter-Vincent, 2021-12-08 *Wilfred Bion and Literary Criticism* introduces the work of the British psychoanalyst Wilfred Bion (1897-1979) and the immense potential of his ideas for thinking about literature, creative process and creative writing. There is now renewed interest in Bion's work following the publication of his *Complete Works*, but the complexities of his theory and his distinctive style can be forbidding. Less well known than Freud or Lacan, the work of Wilfred Bion nevertheless offers new insights for psychoanalytic literary criticism and creative writing. For newer readers of his work, this book offers an engaging introduction.

to several of Bion's key ideas including his theory of thinking the thought without a thinker the container contained relationship alpha function alpha elements beta elements and bizarre objects K and K the Grid O and the caesura It also offers a way in to Bion's astonishing and challenging experimental work *A Memoir of the Future* and explores the impact of his devastating personal experiences as an officer during the First World War Each chapter of *Wilfred Bion and Literary Criticism* draws on one or more specific aspects of Bion's theory in relation to creative texts by Sigmund Freud Stevie Smith B S Johnson Mary Butts Jean Rhys Nicholas Royle J G Ballard and Wilfred Bion himself The first full length study to explore the potential of Bion's ideas for literary criticism *Wilfred Bion and Literary Criticism* introduces his complex and extensive work for a new audience in an accessible and engaging way and will be of great interest to scholars of creative writing literary criticism and psychoanalysis
