*The Wife's Double Life* Mia Roselle,2025-12-16 Her marriage is flawless on paper and explosive in the dark If Victor discovers what Elena is doing to stay alive inside her own skin her reputation her home and her heart won't just crack they'll shatter By day Elena is the polished wife in a sky high penthouse smiling beside her powerful husband and playing her role to perfection By night one burgundy envelope pulls her into a hidden world of jazz lit lounges whispered promises and a man who sees straight through her mask Damien doesn't want the version of Elena everyone applauds he demands the truth she's been swallowing for years Then Julian steps into the shadows with a wicked grin and a talent for temptation and Elena's secret stops being a single mistake It becomes a double life one built on hunger intimacy and choices she can't take back But desire leaves fingerprints As lies stack up and trust begins to fray Elena is forced to confront the cost of freedom what she's willing to risk who she's willing to hurt and whether she can hold two realities without losing herself to either *The Wife's Double Life* is a scorching emotionally charged erotic romance of secrets surrender and the dangerous power of finally being seen

*Power in the Promises* Nick Harrison,2014-01-07 The Bible is a Book of precious promises all the way we have to travel they seem to be like a series of stepping stones across the stream of time and we may march from one promise to another and never wet our feet all the way from earth to heaven if we do but know how to keep our eyes open and to find the right promise to step upon Charles Spurgeon

*Accountable Governance: Problems and Promises* Melvin J. Dubnick,H. George Frederickson,2015-05-18 Public accountability is a hallmark of modern democratic governance and the foundation of the popular performance management movement Democracy is just an empty exercise if those in power cannot be held accountable in public for their acts and omissions for their decisions their policies and their expenditures This book offers a finely detailed and richly informed consideration of accountability in both government and the contemporary world of governance Twenty five leading experts cover varying aspects of the accountability movement including multiple and competing accountabilities measuring accountability accountability and democratic legitimacy and accountability and information technology and apply them to governments quasi governments non government organizations governance organizations and voluntary organizations Together they provide the most comprehensive consideration of accountability currently available with a blend of theoretical empirical and applied approaches

**Increasing the Presence of God** Bill Vincent,2023-06-02 There is always a sound being emitted from the earth to the heavens and from the heavens to the earth a divine exchange if you will It exists in the unseen realm in the form of energy patterns waves and particles and while the great majority of it is not audible to our natural ear we can perceive it because we are a part of it God hears what we say and I believe He has an ever flowing answer that we need to be aware of and tune into with our spirit man in order to tap into the constant communion we may have with Him We typically refer to it as spirit to spirit deep to deep as does Scripture that they may be one just as We are one I in them and You in Me Jesus prays in John 17 on our oneness with Him Whether we are

aware of it or not our world as we know it would not exist without that ongoing exchange in Him all things consist When God created our entire existence He set it in motion by releasing His sound His Word Let there be Light *Mazed J L*

Eisenach,1994 Congenital malformations are worldwide occurrences striking in every condition of society These severe physical abnormalities which are present at birth and affecting every part of the body happen more often than usually realized once in every 33 births The most common after heart defects are those of the neural tube the brain and spinal cord which happen in as many as one in

every 350 births They have been noted as curiosities in man and beast throughout recorded history and received great attention in our time by various fields of study for example their faulty prenatal development by embryologists familial patterns by geneticists causation by environmentalists and variability by population scientists Attention turned much in recent years to the relation of these malformations to deficiency of a particular dietary ingredient folic acid a subject this book analyzes in depth The greatest conundrum of all which this latest matter like so much else hinges on is the amazing fact of the tremendous almost universal decrease in the frequency of these anomalies since early in the 20th century The puzzle is What can this downward trend possibly mean and at bottom Whether it is part of a long term cyclical pattern This fascinating biological phenomenon is explored in the book together with various other topics Promises Broken, Promises Kept Janet Q.
