meditations for wisdom and in the moment living Osho spoke about tantra and its spiritual relationship to sex likely a few years too soon Growing pains in tantric practices are highlighted in communities like Koh Phangan where tourists abound looking for sex though maybe not ready to admit it tantra teachers are born too quickly and many scandals happen due to karma desires unfulfilled lack of communication or differences in conditioning There is more authentic curiosity than ever before from those wanting peak experiences in life and in their sexuality The Tao of Tantric Yoga explains how body and mind are necessary for the awareness of healing which includes sexual healing where most carry wounds and fears which are covered by human behaviour and speech Once healing has taken place pleasure can occur and once pleasure is experienced there is no end to the heightened states possible through ritualizing sacred practices either with yourself or another or simply by practicing and experimenting with consciousness and meditation There are many ways to do this some are described step by step so that you can try them in their life Tantric rituals are also given in detail as are tantric sexual positions and the alignment of the chakras via yoga and sexual practice The book is also an exploration what makes certain types of communities sustainable through their choice in spiritual practices also in their choice of how to deal with conflicts that arise in relationships where love and sexuality are involved The community of Tamera in Portugal is highlighted for its communication and conscious care of others via truthful and fully transparent paths Behind all practices may be the doorway to how we live now in a radically shifting paradigm that includes a look at how COVID is affecting us and how we can care globally through yoga
