How to Have Him Begging for More Anna Maxted, 1999 We are told that simply by sipping our morning cup of organic fair trade coffee we are encouraging environmentally friendly agricultural methods community development fair prices and shortened commodity chains But what is the reality for producers intermediaries and consumers This ethnographic analysis of fair trade coffee analyzes the collective action and combined efforts of fair trade network participants to construct a new economic reality Focusing on La Voz Que Clama en el Desierto a cooperative in San Juan la Laguna Guatemala and its relationships with coffee roasters importers and certifiers in the United States Coffee and Community argues that while fair trade does benefit small coffee farming communities it is more flawed than advocates and scholars have acknowledged However through detailed ethnographic fieldwork with the farmers and by following the product fair trade can be understood and modified to be more equitable This book will be of interest to students and academics in anthropology ethnology Latin American studies and labor studies as well as economists social scientists policy makers fair trade advocates and anyone interested in globalization and the realities of fair trade Winner of the Society for Economic Anthropology Book Award

Tantric Sex for Busy Couples Diana Daffner, 2011-02-15 A unique program of SEX Synchronized Energy eXchange exercises that combine Tantra sexuality from India with Tai Chi movements from China Thousands have used these simple exercises to build a connection with their mate that recalls or surpasses first love Tantric Sex for Busy Couples provides readers with a dynamically new and practical approach to creating intimacy on all levels sexual emotional and spiritual Blending the ancient teachings of Tantra from India and the peaceful exercise program of Tai Chi from China couples discover how to create magic in their relationship Woven throughout the easy instructions are the personal experiences of the author and her husband Although the emphasis is on intimacy rather than orgasm the sexual practices are designed to provide plenty of both The basic exercises presented in the book include Solo Stillness Connected Pose and the Tantra TaiChi Trilogy Solo Stillness highlights the idea that when we each embrace our inner self we are more able to be truly present in a relationship Connected Pose invites the couple to simply be with each other face to face heart to heart eyes open This establishes the foundation for intimate connection The Tantra TaiChi Trilogy focuses on three primary centers in the body both metaphorically and physically the Sex Center below the waist the Heart Center above the waist and the more elusive Bindi or spiritual center represented by the third eye and upper chakras Each of these centers interacts with and influences the others Sexual energy is moved throughout the body rather than being concentrated in the genitals

The foundational exercises of Tantra TaiChi are preparation for the sexual practices described in the book These include yin and yang ceremonies of sexual massage for the woman and the man as well as Peaceful Passion a sexual union that requires neither a high sex drive nor a Viagra inspired erection Throughout all of the practices readers are encouraged to maintain a sacred respectful loving and ceremonial attitude toward their partners This attitude alone can transform a relationship into a love affair
