## **Taps At Little Big Horn:**

**Custer, the Seventh Cavalry, and the Little Big Horn** Mike O'Keefe, 2012-11-20 Since the shocking news first broke in 1876 of the Seventh Cavalry's disastrous defeat at the Little Big Horn fascination with the battle and with Lieutenant George Armstrong Custer has never ceased. Widespread interest in the subject has spawned a vast outpouring of literature which only increases with time. This two volume bibliography of Custer literature is the first to be published in some twenty five years and the most complete ever assembled. Drawing on years of research Michael O'Keefe has compiled entries for roughly 3 000 books and 7 000 articles and pamphlets. Covering both nonfiction and fiction but not juvenile literature the bibliography focuses on events beginning with Custer's tenure at West Point during the 1850s and ending with the massacre at Wounded Knee in 1890. Included within this span are Custer's experiences in the Civil War and in Texas the 1873 Yellowstone and 1874 Black Hills expeditions the Great Sioux War of 1876-77 and the Seventh Cavalry's pursuit of the Nez Perces in 1877. The literature on Custer the Battle of the Little Big Horn and the Seventh Cavalry touches the entire American saga of exploration conflict and settlement in the West including virtually all Plains Indian tribes the frontier army railroading mining and trading. Hence this bibliography will be a valuable resource for a broad audience of historians librarians collectors and Custer enthusiasts.

[The Victors of the Battle of Little Bighorn](#) Charles River Editors, 2025-06-21 Sitting Bull ensured he would become a legend at the Battle of the Little Bighorn during which an estimated 2 000 Lakota and Cheyenne warriors inspired by one of his visions routed and then annihilated the 7th U.S. Cavalry led by George Custer. That disaster led the American government to double down on its efforts to pacify the Sioux and by the end of the decade many of them had surrendered and been moved onto a reservation. Sitting Bull defiantly refused to surrender instead heading with a smaller band into Canada and remaining exiled. When he finally surrendered to the U.S. in 1881 he was a celebrity of sorts and Sitting Bull went on to appear in Buffalo Bill Cody's Wild West Show during the decade. Not surprisingly his death was as controversial as his life in 1890. Sitting Bull was killed on a reservation after plans to arrest him went terribly awry leading to fighting in the aftermath that left over a dozen dead. As he lay dying Tashunka Witko whose name is literally translated as His Horse is Spirited or His Horse is Crazy refused to be placed on an army cot and he insisted upon being placed on the floor. He had spent his life avoiding white people whenever possible and after he died his cousin Touch the Clouds pointed to the blanket covering the dead Chief's body and said This is the lodge of Crazy Horse. Throughout his life Tashunka Witko tried to live the life his people had enjoyed for centuries. He never signed a treaty with the U.S. government and was never photographed largely because he wanted to avoid contact with the settlers encroaching further west upon Native American lands. By staying away from white settlements and military forts he thus avoided the places where a photographer might be lurking. As the great Lakota leaders surrendered to the U.S. military or were killed they became symbols of the qualities and character of their people. Red Cloud is often referred to as a symbol of Lakota concession. Sitting

Bull is considered symbolic of Lakota spirituality Crazy Horse because he delayed surrender and never entered into treaty agreements with the U S military became a symbol of Lakota resistance Crazy Horse may have fervently wished to avoid white settlers but he is a Native American icon today because of the inability to do so Like Geronimo in the Southwest and Sitting Bull on the Plains Crazy Horse was a chief who fought in several skirmishes against settlers and U S forces during the 1860s and he became one of the most famous Native Americans in American history because of one fateful confrontation with whites the legendary Battle of the Little Bighorn during which an estimated 2 000 Lakota and Cheyenne warriors routed and then annihilated the 7th U S Cavalry led by George Custer That disaster led the American government to double down on its efforts to pacify the Plains and by the end of the decade many of them had surrendered and been moved onto a reservation Like Sitting Bull Crazy Horse tried to avoid surrendering for as long as he could and both suffered a controversial death

Community Self-Determination John J. Laukaitis, 2015-09-11 After World War II American Indians began relocating to urban areas in large numbers in search of employment Partly influenced by the Bureau of Indian Affairs this migration from rural reservations to metropolitan centers presented both challenges and opportunities This history examines the educational programs American Indians developed in Chicago and gives particular attention to how the American Indian community chose its own distinct path within and outside of the larger American Indian self determination movement In what John J Laukaitis terms community self determination American Indians in Chicago demonstrated considerable agency as they developed their own programs and worked within already existent institutions The community based initiatives included youth programs at the American Indian Center and St Augustine's Center for American Indians the Native American Committee's Adult Learning Center Little Big Horn High School O Wai Ya Wa Elementary School Native American Educational Services College and the Institute for Native American Development at Truman College Community Self Determination presents the first major examination of these initiatives and programs and provides an understanding of how education functioned as a form of activism for Chicago's American Indian community

**The Battle of the Little Big Horn and Custer's Last Fight** Richard Upton, 2006    **Little Bighorn Remembered** Herman J. Viola, 1999 On the morning of June 25 1876 soldiers of the elite U S Seventh Cavalry led by Lieutenant Colonel George Armstrong Custer attacked a large Indian encampment on the banks of the Little Bighorn River By day's end Custer and more than two hundred of his men lay dead It was a shocking defeat or magnificent victory depending on your point of view and more than a century later it is still the object of controversy debate and fascination What really happened on that fateful day Now thanks to the work of Herman J Viola Curator Emeritus of the Smithsonian Institution we are much closer to answering that question Dr Viola a leader in the preservation of Native American culture and history has collected here dozens of dramatic never before published accounts by Indians who participated in the battle accounts that have been handed down to the present day often secretly and accompanied by oaths of silence from one generation to the next These remarkable eyewitness recollections provide a

direct link to that day s events together they constitute an unprecedented oral history of the battle from the Native American point of view and the most comprehensive eyewitness description of Little Bighorn we have ever had Here are the dramatic stories of the Cheyenne and Lakota warriors who rode into battle against Custer the yellow haired Son of the Morning Star an adversary whose valor they admired but who became a mortal enemy after breaking his peace pipe oath a scene described vividly in these pages Here in their own words are the stories of the Crow scouts allies of Custer who advised against attacking Sitting Bull s village on the Little Bighorn Here are tales of valor told by the Arikara scouts who fought side by side with Custer s men against the Lakota and Cheyenne although the Great Father in Washington rewarded their heroism with silence it is celebrated to this day in tribal stories and songs that come to us from beyond the grave with hair raising immediacy and power Lavishly illustrated with more than two hundred maps photographs reproductions and drawings this remarkable book also includes An account of the battle including startling descriptions of Custer s conduct collected from the Crow scouts by the famed photographer Edward S Curtis in 1908 Curtis never published this report President Theodore Roosevelt advised him not to and it remained a secret until his ninety year old son recently gave the material to the Smithsonian New archaeological evidence from the battlefield that casts fresh light on the Seventh Cavalry s movements along with discoveries from the site of Sitting Bull s village including the complete skeleton of a cavalry horse with its rider s well preserved saddlebags and personal items A series of illustrations made soon after the battle by Red Horse a remarkable tableau that is reproduced here in its entirety for the first time Three letters written by Lieutenant William Van Wyck Reily just days before he died at Little Bighorn that provide key and potentially controversial insights into the conduct of the cavalry under Custer s command In short this landmark book takes us much closer to knowing what really happened on that June day in 1876 when Custer died and a legend was born
