# Taras Child

**Olga Gershenson**

## **Taras Child:**

*Tara's Child* Susan Kearney, 2000      **The Phantom Holocaust** Olga Gershenson, 2013-07-15 Even people familiar with cinema believe there is no such thing as a Soviet Holocaust film The Phantom Holocaust tells a different story The Soviets were actually among the first to portray these events on screens In 1938 several films exposed Nazi anti-Semitism and a 1945 movie depicted the mass execution of Jews in Babi Yar Other significant pictures followed in the 1960s But the more directly filmmakers engaged with the Holocaust the more likely their work was to be banned by state censors Some films were never made while others came out in such limited release that the Holocaust remained a phantom on Soviet screens Focusing on work by both celebrated and unknown Soviet directors and screenwriters Olga Gershenson has written the first book about all Soviet narrative films dealing with the Holocaust from 1938 to 1991 In addition to studying the completed films Gershenson analyzes the projects that were banned at various stages of production The book draws on archival research and in depth interviews to tell the sometimes tragic and sometimes triumphant stories of filmmakers who found authentic ways to represent the Holocaust in the face of official silencing By uncovering little known works Gershenson makes a significant contribution to the international Holocaust filmography      **Tara's Forgotten Son** Lana Mowdy, 2007-11 Wade Hampton Hamilton has grown up at Tara and now must break free from the hold of his tormented past      *Chandra and Tara: Genesis of Chandravansh* H. S. Singh, 2017-12-29 This stunning epic like fiction book covers a story of Chandra and Tara whose descendants ruled India Buddha the son of Chandra and Tara was a progenitor of Chandravanshi kings Except for a few most of the kings mentioned in the oldest book Rigveda were their descendants The story of Tara wife of Brihaspati who eloped with Chandra and conceived his seed to produce progenitor of Chandravansh who ruled India for thousands of years is interesting to the readers Pururava son of Buddha and Ila and the first Chandravanshi emerged as the most powerful king at Pratisthan who protected Devas from Asuras This is a story of courage adventure and the bravery of Vaivaswat Manu the creator of Aryavart giver of social and religious law the Manusmriti and his journey to establish the kingdoms of the Aryans to spread the Vedic culture The authors pure intention is to present an image of prehistory in a form of a fictional story The Puranic facts are not distorted but the gaps are logically dramatized so that the readers develop an imagination of a branch of the Aryans world that existed after the great flood      **Fathom: Sourcebook** Hannibal Tabu, Your journey into the FATHOM Universe begins here Michael Turner's best selling Fathom series has celebrated over 15 years of thrilling adventures and now fans and new readers alike can dive even deeper into the depths of the Fathom Universe with Aspen's first ever FATHOM SOURCEBOOK Jam packed from cover to cover with detailed character profiles in depth power charts revealing story elements and so much more this is the definitive source to learn about all things Fathom      *The Horsemen of Tarentum* Sir Arthur Evans, 1889      *Working Mother*, 2003-12 The magazine that helps career moms balance their personal and professional lives      *The Horsemen of Tarentum* Evans, 1889      *Janáček Beyond the Borders* Derek Katz, 2009 This

contextual study of Jan ček's operas reveals the composer's creative responses to a wide range of Czech and non-Czech traditions. Leos Jan ček is increasingly recognized as one of the major operatic masters of the early twentieth century. In *Jan ček beyond the Borders*, Derek Katz presents an interpretive and critical study of Jan ček's major operas that questions prevailing views of the composer's relationship to the Czech language and to Slavic culture and demonstrates that the operas are deeply indebted to various existing operatic traditions outside of the Czech-speaking realm. Katz discusses the implications for Jan ček's operas of the composer's notorious speech-melody theories and of his fascination with Russia. He also points out revealing and persuasive parallels to certain major operas in non-Czech traditions: French, Italian, and German, that deserve notice and that demonstrate how the composer developed a practical operatic aesthetic through emulation and creative adaptation. In this fresh and novel approach, Katz goes beyond the normal evidentiary record: letters, sketches, and published writings, and allows Jan ček's works to speak for themselves. Derek Katz is Associate Professor of Music History at the University of California, Santa Barbara. He has written about Czech music for American and European academic journals and for the *New York Times*.
