**A Locker Room of Her Own** David C. Ogden,Joel Nathan Rosen,2013-06-03 Female athletes are too often perceived as interlopers in the historically male dominated world of sports Obstacles specific to women are of particular focus in A Locker Room of Her Own Race sexual orientation and the similar qualities ancillary to gender bear special exploration in how they impact an athlete s story Central to this volume is the contention that women in their role as inherent outsiders are placed in a unique position even more complicated than the usual experiences of inequality and discord associated with race and sports The contributors explore and critique the notion that in order to be considered among the pantheon of athletic heroes one cannot deviate from the traditional demographic profile that of the white male These essays look specifically and critically at the nature of gender and sexuality within the contested nexus of race reputation and sport The collection explores the reputations of iconic and pioneering sports figures and the cultural and social forces that helped to forge their unique and often problematic legacies Women athletes discussed in this volume include Babe Didrikson Zaharias the women of the AAGPBL Billie Jean King Venus and Serena Williams Marion Jones Chris Evert and Martina Navratilova Shery Swoopes Florence Griffith Joyner Roberta Gibb and Kathrine Switzer and Danica Patrick

Every Believer Confident Mark J. Farnham,2021-02-06 For the average Christian who longs to share their faith effectively but doesn t know where to begin Every Believer Confident is the ultimate guidebook All believers are called to make disciples and give an answer when objections are raised against the faith Most Christians want to share and defend their beliefs but they often feel ill equipped They desire to reach friends family coworkers and classmates with the good news of Jesus Christ but lack confidence and skill They want to be like Jesus and effectively engage the lost with the powerful truth of the gospel They just don t know how What s needed is a way to simplify apologetics and make it accessible to the average church member who will never study philosophy or science If every church member was indeed a skilled evangelist churches would not have to depend on come and see events to reach the community because every member would be practicing the go and tell approach Scripture assumes Every Believer Confident Apologetics for the Ordinary Christian simplifies the basic principles of apologetics and provides effective strategies for use in actual encounters with unbelievers It provides a structure whereby any Christian can engage anyone they meet move the conversation to spiritual matters answer objections raised against the Christian faith and present the gospel of Christ in all its glory and rationality
