Tarot - Your Everyday Guide Janina Renee,2000 Every day you make choices Some are big some are small but all will affect the course of your future The good news is that you don t have to do it alone the tarot can give you advice when you need it most Reading the tarot for advice requires a different approach than reading for prediction Tarot Your Everyday Guide presents a new method of tarot interpretation You ll learn how to use the tarot to help you make an informed decision and determine a course of action for just about any life situation For example in an advice reading the Two of Wands could mean you should set up your own challenges to work out goals define issues and work out compromises If the King of Cups comes up in an advice reading it means you must give encouragement acknowledge the accomplishments of others give rewards and let others enjoy the limelight Alternatively it could mean you need to seek a mentor who has these qualities The position of a given card within a spread and the cards before and after it will clarify the cards advice for you You can even use advice readings to augment traditional divination If a divinatory spread shows trouble ahead consult the cards for advice on how to avoid the situation or lessen its impact Whether you re an experienced tarot reader or have never even shuffled the cards before this unique and practical book will open new doors of understanding and help you integrate the rich symbolism of the tarot into your daily life Winner of the 2001 Coalition of Visionary Resources COVR Award for best Self help Book
