Jeff Koons Scott Rothkopf, 2014-07-08 With over 200 illustrations of iconic works as well as preparatory studies and historic photographs this book offers fresh insight into Koons's polarizing and influential career *Chosen Few Boxed Set : Books 1-3* Samantha Wilde, 2024 Books 1 3 Rami August and Zain of the steamy captivating Chosen Few series Protector heroes morally gray men and many more addicting tropes Rami 16 days of captivity The amount of drugs pumped into Ivy Hastings starved and beaten body should've been enough to kill her Instead a man breaking into her hellhole of a prison might be what stops her heart His rough dark and dangerous tattooed face is enough to promise death He's not the same man who injects fiery drugs through her veins day after day No this man is different His clear blue eyes ensnarl her heart His large warm body is a safe haven she forgot existed He's an angel cloaked in danger A dark angel that saved her soul Rami Mitry turned down the job He'd been convinced but not for the right reason He'd done it for money He was no hero But as Ivy's life teeters in the balance he prays to a God he'd never been sure of until now Ivy's emerald green eyes possess a strength that he's never witnessed even on the battlefield Somehow she remains unbroken and his admiration for her quickly flames into an inferno of desire Too many men were killed while rescuing her The Cartel won't stop until they've gotten retribution Rami might have saved Ivy from a life of slavery only to bring her to a quicker death at the Cartel's hands This is no longer an act of abuse it's warfare And he'll fight to the death to protect what's his August Witness Protection is supposed to protect its witnesses The long arms of the Mexican Cartel has found Gigi Hastings and will stop at nothing to see her demise After an assassin storms her safe house and kills the U.S. Marshal protecting her Gigi is on the run again Numb and terrified she calls the one man she knows will move heaven and earth to protect her The man whose memory she's savored these lonely months in Witness Protection The man whose heart she broke two years ago August Ex black ops soldier Not much scares August Hick But Gigi's life in danger Hell that does something to him he can't explain He knew she was safe in Witness Protection had to be yet there was a part of him that needed to hear her voice But not the panicked shock coated voice he gets when she calls him one night The Cartel is hunting her and wants her dead and he'll do anything to get between her and them His unhealed pain destroys the ease that'd once been between them but he swears to keep her safe Even though his own heart is on the line Zain He's become one of them Zain Mitry has lost everything His name his identity and his humanity All that's left is a cold shell of the alias he's become an active member in Jaysh a terrorist group Afghanistan isn't for the faint of heart but fear doesn't reach his veins until he witnesses Jaysh's leader take a woman hostage from a protest Her electrifying blue eyes capture Zain's and he's spellbound by her bold fiery nature Despite the distance between his heart and reality he can't turn a blind eye when the woman is attacked He rushes to rescue her and the first word she speaks to him a word no one on this side of the world identifies him with The only tether to his old life The name that will destroy him Zain She's vowed to find a man she's never met Ex FBI analyst Dana McAvery can't explain what

drew her to Zain's case. But finding the missing Green Beret soldier became her mission. But coming face to face with the man who's monopolized every spare moment of her mind shakes her. His tall, dark and formidable stare rocks her confidence. She expected to find a prisoner, a man in need of rescue, but a brutal killer stands before her. **Collection of ...**

pressure and still produce top-notch photographic images than hands-on graphic artist and journalist Steve Caplin. Steve cuts through the grind with on-the-job do-it-now skills, techniques and shortcuts guaranteed to show you how to work faster, smarter and better to produce the best work of your life. With a lifetime of practical experience in photo montage, Steve is the go-to person for professional designers, graphic artists, illustrators, photographic retouchers and students of design media and illustration who want to create photorealistic effects using Photoshop. Updated for Photoshop CSX, this must-have resource is also backwards-compatible, relevant to any version of Photoshop. How to Cheat in Photoshop CSX helps you cheat in or take advantage of Photoshop in two important ways. You learn how to make images look like photographs when they're not so that you can create photographic work without a studio. And you find useful shortcuts to work more efficiently, economically and with quick solutions to achieve the same superb results that come from long, complex operations that take forever. Whether

you're working for print or the web, dip into this book and extract the info you need fast. Icons mark where Photoshop files or movie tutorials are available for you to open immediately to try for yourself. Stuck? Visit the Reader Forum on the web and question the author directly and expect other readers to weigh in, too, at [www.howtocheatinphotoshop.com](http://www.howtocheatinphotoshop.com). Crammed with

Yet it's backwards-compatible with previous releases of Photoshop. The book's step-by-step tutorials alongside the DVD packed with hundreds of images, project files and live tutorials show you how to create convincing smoke effects and make effective explosions the simple way. Take years off someone's appearance. Turn a photograph of someone looking straight into the camera into a different perspective with the entire head, not just the eyes. Modify a statue so it looks like a living person or paint hair directly on any surface. Produce the perfect cutout in the shortest time with Photoshop CSX's new Quick Selection tool and more. A host of timesaving techniques and insider secrets teach you to work faster and more adeptly.
