Questions of Syntax Richard S. Kayne, 2019-03-22 There are far more syntactically distinct languages than we might have thought yet there are far fewer than there might have been *Questions of Syntax* collects sixteen papers authored by Richard S. Kayne a preeminent theoretical syntactician who has sought over the course of his career to understand why both these facts are true With a particular emphasis on comparative syntax these chapters collectively consider how wide a range of questions the field of syntax can reasonably attempt to ask and then answer At issue among other topics are the relation between syntax and certain aspects of semantics the relation between syntax and what appear to be lexical questions the relation between syntax and morphology the relation between syntax and certain aspects of phonology insofar as silent elements and their properties play a substantial role and the extent to which comparative syntax can provide new and decisive evidence bearing on these different kinds of questions To Kayne comparative syntax can shed light on what may initially seem lexical questions and antisymmetry on the evolution of human language itself Taken as a whole these essays elucidate the theoretical contributions of one the most influential scholars in linguistics

Perez,2012-02-01

Rene Perez has the ability to stop time In fact time stops as soon as you start reading one of his short stories You find yourself transported into the minds and lives of people you thought you didn t know Suddenly they are your best friends They live in Texas Most of them are Hispanic But their problems are universal Like Alfredo driving home from Dallas to Greenton with the body of his friend Frankie Ochoa in the back of his hearse and his son Ramon ready to drive if Alfredo s eyesight fails again Or Joey just back from basic training and ready to ship out with his Marine platoon He s having beers with his best friend J R at Flojo s a bar outside of Greenton run by Liz and Vicente the toughest couple in town Or Benny who drops into Flojo s for the first time in years and finds his one time friend Gumby drinking himself into oblivion Turns out Gumby s luck is even worse than Benny s Or Virginia the schoolteacher who s trying to become better educated in the hope that her son who went to Stanford will come back home to Corpus Christi Or Eric who spent all his money on two flashy wheels for his car and put them both on the passenger side so that they ll impress everyone on the sidewalk as he passes Or Andy who breaks into a home he s always wanted to see from the inside You ll want to know them all And you will count yourself fortunate to have met them *Cases Argued and Decided in the Supreme*
