Other areas covered are the theory of international law including sources, basic principles of international law, codification of international law, subjects of international law, international dispute settlement, the law of the sea and international environmental law, human rights and humanitarian law and the law of the European Union.      *Saturday Review*, 1876      **Transdex Index**, 1993 An index to translations issued by the United States Joint Publications Research Service JPRS      **The Conventions on the Privileges and Immunities of the United Nations and its Specialized Agencies** August Reinisch, Peter Bachmayer, 2016-03-24 The Convention on the Privileges and Immunities of the United Nations and the Convention on the Privileges and Immunities of the Specialized Agencies entered into force more than 60 years ago.
