Muir. - London : Trübner & Co** ,1873 **The Maker's Instructions** David Pawson,2014-01-14 King Alfred is perhaps best remembered for allowing cakes to become burnt but he did something far more significant and of lasting value He used ten commandments given to the Jewish people centuries before as the foundation of English law He instinctively knew they contained the recipe for a safe and successful society The secret they all contain is respect Respect for God first for his uniqueness his nature his name his special day then respect for each other our families life itself marriage property and reputation Churches have urged members to memorise the Ten Commandments along with the Lord s Prayer and the Apostles Creed often putting all three up on the wall as summaries of the Christian faith and life as well as using them in worship But how can principles laid down so long ago and so far away be relevant to contemporary society Well as one New Testament translator J B Phillips puts it By the straight edge of God s law we find out how crooked we are Only after this discovery are we ready to consider the gospel of Jesus **Who Built the Moon?** Christopher Knight,Alan Butler,2014-03-11 The authors of Civilization One return present new evidence about the Moon that will shake up our world What if the Moon isn t a natural object but an artificial construct Christopher Knight and Alan Butler realized that the ancient system of geometry they presented in their earlier breakthrough study works as perfectly for the Moon as it does the Earth On further investigation they found a consistent sequence of beautiful integer numbers when looking at every major aspect of the Moon no such pattern emerges for any other planet or moon in the solar system Knight and Butler also discovered that the Moon possesses few or no heavy metals and has no core something that should not be possible Their persuasive conclusion if higher life only developed on Earth because the Moon is exactly what it is and where it is it becomes unreasonable to cling to the idea that the Moon is a natural object The only question that remains is who built it **God's Rule for Christian Giving** William Speer,1875 **Just in Time! setting the complex story of American vaccination within the country's broader history Vaccine Nation goes beyond the simple story of the triumph of science over disease and provides a new and perceptive account of the role of politics and social forces in medicine Vaccine Nation opens in the 1960s when government scientists triumphant following successes combating polio and smallpox considered how the country might deploy new vaccines against what they called the milder diseases including measles mumps and rubella In the years that followed Conis reveals vaccines fundamentally changed how medical professionals policy administrators and ordinary Americans came to perceive the diseases they were designed to prevent She brings this history up to the present with an insightful look at the past decade's controversy over the implementation of the Gardasil vaccine for HPV which sparked extensive debate because of its focus on adolescent girls and young women Through this and other examples Conis demonstrates how the acceptance of vaccines and vaccination policies has been as contingent on political and social concerns as on scientific findings In Vaccine Nation Conis delivers a fascinating account of how routine childhood immunization came to be both a public health success story and a source of bitter controversy James Colgrove author of Epidemic City and State of Immunity At a moment when as Conis says children's participation in public life depends on their immunization status she favors a nuanced view of our complicated relationship with the jab Los Angeles Times [China](#) Ross Paterson, Sovereign World Ltd, Elisabeth Farrell, 1993 There is a growing hunger for God in America Every day more and more Christians are experiencing the power of the Holy Spirit in the light of God's Word For a Church thirsting for renewal Gospel Light introduces a new line of books called Renew Serving the fastest growing segment of the Church worldwide those experiencing awakening and renewal with an expectancy for revival Renew brings you biblically sound resources from a publisher you trust Take part in the renewal God is bringing to His Church with Renew Books from Gospel Light
