Plotkin, 1989 With authority and sensitivity Plotkin traces the close relationship between Hopkins's poetry and the theories of language suggested in his Journals and expounded by Victorian philologists such as Max Müller and George Marsh Plotkin seeks to determine what changed Hopkins's perception of language between the writing of such early poems as *The Habit of Perfection* and *Nondum* 1866 and his creation of *The Wreck of the Deutschland* 1875-76 Did the language of the ode and of Hopkins's mature poetry generally arise as spontaneously as it appears to have done or does it have a traceable genesis in the ways in which language as a whole was conceived and studied in mid-century England In answer Plotkin fixes the development of Hopkins's singular poetic language in the philological context of his time If one is to understand Hopkins's writings and poetic language in the context in which they developed rather than in the terms of a present-day theory of history or textuality then that movement in all of its complexity must be considered Hopkins translates into the language of poetry patterns and categories common to Victorian language study *The Tenth Muse* Judith Jones, 2008-12-24 A memoir by the legendary cookbook editor who was present at the creation of the American food revolution and played a pivotal role in shaping it Engrossing *The Tenth Muse* lets you pull up a chair at the table where American gastronomic history took place O *The Oprah Magazine* Living in Paris after World War II Jones broke free of bland American food and reveled in everyday French culinary delights On returning to the States she published Julia Child's *Mastering the Art of French Cooking* The rest is publishing and gastronomic history A new world now opened up to Jones as she discovered with her husband Evan the delights of American food publishing some of the premier culinary luminaries of the twentieth century from Julia Child James Beard and M.
