*Terpsichore in Sneakers* Sally Banes, 1987-06-01 A dance critic's essays on post modern dance Drawing on the postmodern perspective and concerns that informed her groundbreaking *Terpsichore in Sneakers* Sally Bane's *Writing Dancing* documents the background and development of avant garde and popular dance analyzing individual artists performances and entire dance movements With a sure grasp of shifting cultural dynamics Banes shows how postmodern dance is integrally connected to other oppositional often marginalized strands of dance culture and considers how certain kinds of dance move from the margins to the mainstream Banes begins by considering the act of dance criticism itself exploring its modes methods and underlying assumptions and examining the work of other critics She traces the development of contemporary dance from the early work of such influential figures as Merce Cunningham and George Balanchine to such contemporary choreographers as Molissa Fenley Karole Armitage and Michael Clark She analyzes the contributions of the Judson Dance Theatre and the Workers Dance League the emergence of Latin postmodern dance in New York and the impact of black jazz in Russia In addition Banes explores such untraditional performance modes as breakdancing and the drunk dancing of Fred Astaire

*American Dance* Margaret Fuhrer, 2014-12-09 From Native American dance rituals to dance in the digital age American Dance by critic and journalist Margaret Fuhrer traces the richly complex evolution of dance throughout American history

*Soft Is Fast* Meredith Morse, 2023-08-15 An innovative analysis of Simone Forti's interdisciplinary art viewing her influential 1960s dance constructions as negotiating the aesthetic strategies of John Cage and Anna Halprin Simone Forti's art developed within the overlapping circles of New York City's advanced visual art dance and music of the early 1960s Her dance constructions and related works of the 1960s were important for both visual art and dance of the era Artists Robert Morris and Yvonne Rainer have both acknowledged her influence Forti seems to have kept one foot inside visual art's frames of meaning and the other outside them In *Soft Is Fast* Meredith Morse adopts a new way to understand Forti's work based in art historical analysis but drawing upon dance history and cultural studies and the history of American social thought Morse argues that Forti introduced a form of direct encounter that departed radically from the spectatorship proposed by Minimalism and prefigured the participatory art of recent decades Morse shows that Forti's work negotiated John Cage's ideas of sound score and theater through the unique approach to movement essentially improvisational and grounded in anatomical exploration that she learned from performer and teacher Ann later Anna Halprin Attentive to Robert Whitman's and La Monte Young's responses to Cage Forti reshaped Cage's concepts into models that could accommodate Halprin's charged spaces and imagined interpenetrative understanding of other bodies Morse considers Forti's use of sound and her affective use of materials as central to her work examines Forti's text pieces little discussed in art historical literature analyzes *Huddle* considered one of Forti's signature works and explicates Forti's later improvisational practice Forti has

been relatively overlooked by art historians perhaps because of her work's central concern with modes of feeling and embodiment unlike other art of the 1960s which was characterized by strategies of depersonalization and affectlessness Soft Is Fast corrects this critical oversight *Journal of Comparative Literature & Aesthetics*, 1981 **Postmodernism and Dance**, 1991 **Striding Out** Stephanie Jordan, 1992 A serious study of the alternative movement to the Graham derived tradition of contemporary dance in Britain Page 4 of cover **Stages of Conception** Daniel Sack, 2010 **The Body as a Material in the Early Performance Work of Carolee Schneemann, Yvonne Rainer, and Vito Acconci** Sarah Elise Archias, 2008 **Journal of the Association for Research on Mothering**, 2001 **Modernen versus postmodernen** Wayne Hudson, 1986 Dancing with My Self Alison Lee Bory, 2008 *The Act*, 1986 How to Prepare for the ACT George Ehrenhaft, Robert Lehrman, Allan Mundsack, Fred Obrecht, 1998 Revised and updated to reflect the most recent ACT college entrance tests this manual presents a full length diagnostic test and four complete model ACTs all with questions answered and explained Extensive subject reviews of the test's main sections cover English math reading and science reasoning Additional practice exercises plus an overview of the ACT and test taking strategies make this a complete review essential for all students planning to take the ACT The Proceedings of the Twentieth World Congress of Philosophy Kevin L.
