the reliability of its revelation Scripture reveals that Jesus of Nazareth walked among us both man and God Section 2 Section 2 comprise a commentary upon the Revelation to John The prophecy concentrated therein is mysterious in part yet relatively ordered and culminating It helps to organize other prophecy revealed in Scripture And it serves to guide our on going participation with the ascended Christ as Lord Prophecy reveals that God has operated mightily in and on history that he has revealed essential parts of his plan and care for mankind Section 3 Without religion science particularly inanimate science tends to support determinism also a relatively rigid causation or rationalism Science develops knowledge more than understanding Section 3 attempts to assemble salient science together with a minor proportion of related hypotheses Your scribe believes that God s concern and involvement and control of life is more intimate and profound than most science and philosophy has indicated Section 4 The relatively hypothetic Section 4 comprises much supposition some semantically treated Suppositions are offered concerning material or systematic structures for said living sub matter in body mind and soul Life after first death is a gift from the soul s Creator Spirits just and unjust await resurrection in the spirit not in the flesh not in reincarnation Tthe soul is foundational to theology and tends to respond to spiritual reality to living sub matter particularly to God and other souls Bacon's TV/cable Directory ,2006 **The Eastern Underwriter** ,1913
