The Gentle Conquistadors:

The Conquistadors: A Very Short Introduction Matthew Restall, Felipe Fernandez-Armesto, 2012-01-24 This Very Short Introduction examines the Spanish conquistadors who invaded the Americas in the sixteenth century as well as the Native American Kingdoms they invaded

The Conquistador John Pohl, 2012-05-20 Many accounts portray the conquest of the New World as a remarkable military achievement with Cortés vastly outnumbered but better armed Spaniards defeating hordes of superstitious savages However the reality of these events is far more complex and no less significant The first Conquistadors who had sailed in search of prosperity inspired by dreams of unlimited riches soon became disillusioned and restless With disease rampant resources exhausted and the Caribbean populations dwindling they had little alternative but to find new territories and peoples to exploit This title shows how bolstered by influxes of war hardened veterans from Europe and an army of over 30 000 allied Indian troops they came to rely on and perfect what they knew best killing for profit and without mercy

The Gentle Conquistadors Jeannette Mirsky, 1972 A fictional account of the ten year journey of Esteban the first black man in America as he wandered with Cabeza de Vaca and two other Spaniards exploring the Southwest

Early Visions and Representations of America M. Carmen Gomez-Galisteo, 2012-11-22 When the Europeans first arrived in America they had a number of preconceptions prejudices expectations and hopes about what life in the New World would be like This book examines the different visions and representations of America conveyed in the writings of Spanish conquistador Ibarra Cabeza de Vaca and the Pilgrim leader William Bradford taking both writers within their respective literary and historical contexts Anthologies of American literature have consistently ignored Spanish language achievements on the grounds of a restrictive interpretation of American literature based on linguistic boundaries Consequently Spanish language texts such as Cabeza de Vaca's or the account by the Hidalgo de Elvas to name but two examples have been marginalized in the narrative of American literary history In seeking to redress this neglect Galisteo contributes to scholarship which seeks to analyze Early America as a whole including not only Anglo American perspectives but also the Spanish American aspect of the colonization process
