

The Gift Children

Jacques T. Godbout, Alain C. Caille

The Gift Children:

The Gift Lewis Hyde, 2008-11-20 The Gift brilliantly argues for the importance of creativity in our increasingly money driven society Reaching deep into literature anthropology and psychology for striking examples the heart of Lewis Hyde s modern masterpiece is the simple and important idea that a gift can inspire and change our lives art and culture Lewis Hyde has been championed by some of the greatest artists of our time He addresses the questions we face every day in our public and private lives World of the Gift Jacques T. Godbout, Alain C. Caille, 1998-10-21 The anthropologist Marcel Mauss in his famous exploration of the gift in primitive and archaic societies showed that the essential aspect of the exchange of presents involved the establishment of a social tie that bound the parties together above and beyond any material value of the objects exchanged He argued that these intangible mutual debts constituted the social fabric Godbout and Caill show that contrary to the modern assumption that societies function on the basis of market exchange and the pursuit of self interest the gift still constitutes the foundation of our social fabric The authors describe the gift not as an object but as a social connection perhaps the most important social connection because it creates a sense of obligation to respond in kind They examine the gift in a broad range of cases such as blood and organ donation volunteer work the bonds between friends couples and family Santa Claus the interaction between performers and their audience and the relation of the artist to society Written in an engaging manner The World of the Gift will appeal to anyone who is interested in how the world really operates **The Gifts We Can Afford to Give Our Children** Patti Blamire, 2015-04-07 What does it take to become a teacher a nurse an accountant or a plumber It takes a few years of study and or apprenticeship Being educated for our chosen career gives one the knowledge and confidence to succeed in that vocation What does it take to become a parent usually little more than a few moments of pleasure Which education system prepares us for our role as parents I believe that being a Mom or a Dad is THE most important career assignment we will ever be given and yet we receive little or no preparation for this life long task In the past parents produced many children in order to compliment their challenging work load Today however most parents would like to give their children more than what they themselves have had they also want them to have a happy and comfortable childhood and then they envision success fulfillment and happiness for their offspring in their adult lives Have you thought of how you would go about assisting your child to achieve these milestones of life The Gifts you can Afford to give your Children offers some thoughts on subjects such as The Gift of Creativity how to help your child find the creativity within himself The Gift of Honesty and Integrity the value of living a truth filled life The Gift of Humour finding and enjoying the lighter side of life together as a family The Gift of Self worth and Confidence It also looks at finding the Light within ourselves and our children the gentle vibration within every living cell in our Universe It proposes a deeper more satisfying and creative approach to raising children a conscious and thoughtful way of exploring parenthood THE GIFT OF A MAN DAVID E.
