## **The Glass House:**

The Glass House Rachel Donohue, 2025-02-06 Distinct shades of Daphne du Maurier Sunday Independent Lyrical prose with ominous secrets saturating its deepest core ALEX MARWOOD THE WINDOW TO THE PAST CAN NEVER BE CLOSED 1963 At the stark and isolated modernist mansion of controversial political philosopher Richard Acklehurst the glittering annual New Year's Eve party has not gone quite as planned Considered a genius by some and something far darker by others by the end of the evening Acklehurst will be dead in mysterious circumstances casting a long shadow over the lives of his teenage daughters Aisling and Stella 1999 Richard Acklehurst's remains are defiled in the country graveyard where they have lain undisturbed for over thirty years forcing his daughters to return to their childhood home where they must finally confront the complex and dark dynamic at the heart of their family Moving from the West of Ireland to Dublin London Florence and back The Glass House is a captivating and compelling tale of two sisters and their secrets of love regret and vengeance gorgeously atmospheric and darkly brooding CAROLE HAILEY The Glass House Boys of Pittsburgh James L. Flannery, 2009-10-11 At the end of the nineteenth century Pittsburgh was leading the nation in glass production and glass bottle plants in particular relied heavily on adolescent and younger males for their manufacturing process These glass house boys worked both day and night as plants ran around the clock to meet production demands and remain price competitive with their newly automated rivals Boys performed menial tasks received low wages and had little to say on their own behalf By the turn of the century most states had enacted laws banning children from working at night and coupled with compulsory education requirements had greatly reduced the use of children in industry In western Pennsylvania however child labor was deeply entrenched and Pennsylvania lawmakers lagged far behind the rest of the nation In The Glass House Boys of Pittsburgh James L. Flannery presents an original and compelling examination of legislative clashes over the singular issue of the glass house boys He reveals the many societal economic and political factors at work that allowed for the perpetuation of child labor in this industry and region Through extensive research in Pennsylvania state legislature archives National Child Labor Committee reports and union and industry journals Flannery uncovers a complex web of collusion between union representatives industrialists and legislators that kept child labor reform at bay Despite national pressure a concerted effort by reformers and changes to education laws the slow defeat of the glass house exception in 1915 came about primarily because of technological advances in the glass bottle industry that limited the need for child labor **The Glass House** Dorothy Dunn, 2008 Tour book for the great icon of architecture opening in June of 2007 **Two-way Mirror Power** Dan Graham, 1999 Essays charting the diverse works of renowned conceptual artist Dan Graham The Architecture of Influence Amanda Reeser Lawrence, 2023-11-21 How do we create the new from the old The Architecture of Influence explores this fundamental question by analyzing a broad swath of twentieth century architectural works including some of the best known examples of the architectural canon modern and postmodern through the lens of influence The book serves

as both a critique of the discipline's long standing focus on genius and a celebration of the creative act of revisioning and reimagining the past. It argues that all works of architecture not only depend on the past but necessarily alter, rewrite and reposition the traditions and ideas to which they refer. Organized into seven chapters: Replicas, Copies, Compilations, Generalizations, Revivals, Emulations and Self Repetitions, the book redefines influence as an active process through which the past is defined, recalled and subsequently redefined within twentieth century architecture.
