## **The Gates Of The Alamo:**

**The Gates of the Alamo** Stephen Harrigan, 2001-05-01 A huge riveting deeply imagined novel about the siege and fall of the Alamo an event that formed the consciousness of Texas and that resonates through American history With its vibrant unexpected characters and its richness of authentic detail The Gates of the Alamo is an unforgettable re creation of a time a place and a heroic conflict The time is 1835 At the center of a canvas crowded with Mexicans and Americans with Karankawa and Comanche Indians with settlers of many nationalities stand three people whose fortunes quickly become our urgent concern Edmund McGowan a naturalist of towering courage and intellect whose life s work is threatened by the war against Mexico and whose character is tested by his own dangerous pride Mary Mott a widowed innkeeper on the Texas coast a determined and resourceful woman and her sixteen year old son Terrell whose first shattering experience with love leads him instead to war and into the crucible of the Alamo As Edmund McGowan and Mary Mott take off in pursuit of Terrell and follow him into the fortress the powerful but wary attraction between them deepens And the reader is drawn with them into the harrowing days of the battle itself Never before has the fall of the Alamo been portrayed with such immediacy And for the first time the story is told not just from the perspective of the American defenders but from that of the Mexican attackers as well We follow Blas Montoya a sergeant in an elite sharpshooter company as he fights to keep his men alive not only in the inferno of battle but also during the long forced march north from Mexico proper to Texas And through the eyes of the ambitious mapmaker Telesforo Villasenor we witness the cold deliberations of General Santa Anna Filled with dramatic scenes abounding in fictional and historical personalities among them James Bowie David Crockett and William Travis The Gates of the Alamo enfolds us in history and through its remarkable and passionate storytelling allows us to participate at last in an American legend

**The gates of the Alamo** Stephen Harrigan, 2000 A full scale fictional chronicle centered around the fall of the Alamo bristles with historical figures including Jim Bowie Santa Anna and Davy Crockett among others as it provides a dramatic re creation of an event that shaped the history and identity of Texas

*Conversations with Texas Writers* Frances Leonard, Ramona Cearley, 2005-03 Larry McMurtry declares Texas itself doesn t have anything to do with why I write It never did Horton Foote on the other hand says I ve just never had a desire to write about any place else In between those figurative bookends are hundreds of other writers some internationally recognized others just becoming known who draw inspiration and often subject matter from the unique places and people that are Texas To give everyone who is interested in Texas writing a representative sampling of the breadth and vitality of the state s

current literary production this volume features conversations with fifty of Texas's most notable established writers and emerging talents. The writers included here work in a wide variety of genres: novels, short stories, poetry, plays, screenplays, essays, nonfiction, and magazine journalism. In their conversations with interviewers from the Writers League of Texas and other authors' organizations, the writers speak of their apprenticeships, literary influences, working habits, connections with their readers, and the domestic and public events that have shaped their writing. Accompanying the interviews are excerpts from the writers' work as well as their photographs, biographies, and bibliographies. Joe Holley's introductory essay, an overview of Texas writing from Cabeza de Vaca's 1542 *Relación* to the work of today's generation of writers who are equally at home in Hollywood as in Texas, provides the necessary context to appreciate such a diverse collection of literary voices. A sampling from the book *This Land Has Been My Subject Matter* One thing that distinguishes me from the true naturalist is that I've never been able to look at land without thinking of the people who've been on it. It's fundamental to me. John Graves Writing is a way to keep ourselves more in touch with everything we experience. It seems the best gifts and thoughts are given to us when we pause, take a deep breath, look around, see what's there, and return to where we were. Revived Naomi Shihab Nye I've said this many times in print: the novel is the middle age genre. Very few people have written really good novels when they are young, and few people have written really good novels when they are old. You just tail off and lose a certain level of concentration. Your imaginative energy begins to lag. I feel like I'm repeating myself, and most writers do repeat themselves. Larry McMurtry I was a pretty poor cowhand. I grew up on the Macaraw Ranch east of Crane, Texas. My father tried very hard to make a cowboy out of me, but in my case it never seemed to work too well. I had more of a literary bent. I loved to read, and very early on I began to write small stories, short stories, out of the things I liked to read. Elmer Kelton
