

## FRED CHAPPELL

THE  
GAUDY PLACE

*“Anybody who knows anything about Southern writing knows that Fred Chappell is our resident genius, our shining light, the one truly great writer we have among us.”*

—Lee Smith

## The Gaudy Place

**George Augustus Sala, Edmund Yates**

## **The Gaudy Place:**

The Monthly Chronicle of North-country Lore and Legend ,1889      **Vale of Humility** George Hovis,2007 This is an inviting look at the influence of the yeoman s small farm on six modern southern writers In a deft analysis of works by Doris Betts Reynolds Price Fred Chappell Lee Smith Clyde Edgerton and Randall Kenan Vale of Humility explores the lives of the plain folk white and black who populate the worlds of contemporary North Carolina fiction Hovis explains that a wealthy planter elite was significantly less prominent in North Carolina than in neighboring regions and as such the state s plain folk did not develop a class identity based as deeply in relation to a superior planter class Instead the identification of the yeoman s small farm rather than the plantation as necessary to the ideal life has been a distinguishing feature of the state s literature In this first full length study of North Carolina s contemporary fiction Hovis examines the work of six representative writers from the state s three geographic regions Lee Smith and Fred Chappell from the mountains Doris Betts and Clyde Edgerton from the Piedmont and Reynolds Price and Randall Kenan from the coastal plain The work of these six writers is explored within the broader southern literary tradition with attention to how they have revised such modes as pastoral family saga and southwestern humor in order to portray their own regional experiences Although these writers celebrate the egalitarianism at the heart of the yeoman ideal they also expose the forms of racism sexism and classism that have also marked the state s history

*Experimentation and Versatility* Casey Clabough,2005 Experimentation and Versatility considers Chappell s first four novels and his short fiction the novels chronologically and the short stories thematically in order to demonstrate the unique range and importance of his fictional prose Rather than inserting Chappell s fictional variables into a single theoretical formula Clabough traces and celebrates their various and multifaceted excursions into genres as disparate as Appalachian pastoralism and experimental science fiction Containing both an interview with Chappell and a previously unpublished short story Experimentation and Versatility also offers new primary sources on Chappell s work even as it contextualizes him as one of our most exciting and multi talented contemporary writers Investigating the complexities of Chappell s work Clabough s study offers new ways of considering Chappell who has been characterized variously as a Appalachian Southern and fantasy writer However as Clabough demonstrates he is in fact all and none of these things a writer of immense gifts constantly reinventing himself through his experiments in seemingly disparate genres **BOOK JACKET** Title Summary field provided by Blackwell North America Inc All Rights Reserved      **More Lights Than One** Patrick Bizzaro,2004 Under the interpretive gaze Chappell s stories reveal a dazzling range and all of his work shows a concern with the relationship between the spiritual and material in people s lives the moral development of the human race and the flawed enigmatic and yet enlightening interaction between men and women **Jacket**      **Inhabiting Contemporary Southern and Appalachian Literature** Casey Clabough,2012-08-26 The idea of place any place remains one of our most basic yet slippery concepts It is a space with boundaries whose limits may be definite or indefinite it can be a real location or an abstract

mental spiritual or imaginary construction Casey Clabough's thorough examination of the importance of place in southern literature examines the works of a wide range of authors including Fred Chappell George Garrett William Hoffman Julien Green Kelly Cherry David Huddle and James Dickey Clabough expands the definition of here beyond mere geography offering nuanced readings that examine tradition and nostalgia and explore the existential nature of place Deeply concerned with literature as a form of emotional intellectual and aesthetic engagement with the local and the regional Clabough considers the idea of place in a variety of ways as both a physical and metaphorical location as an important factor in shaping an individual informing one of the ways the person perceives the world and as a temporal as well as geographic construction This fresh and useful contribution to the scholarship on southern literature explains how a text can open up new worlds for readers if they pay close enough attention to place
