The Gift Of Giving:

Living to Give Tracy Edwards-Wright, 2011-06-01 **The Gift of Giving** R. T. Kendall, 1998 Combining real life stories with clear biblical teaching Dr Kendall calls on all Christians to discover what it means to tithe He argues that we cannot out give God and that the Church could be revitalised if it were taken more seriously **How to Develop and Use the Gift of Giving, PDF on CD** Marvin Osborn, 2014-08-01 You keep your business affairs well organized are sensitive to the financial and material needs of others and are ready and willing to give if a valid need exists but want to be sure your gift is used properly You tend to make wise decisions concerning finances and prefer to keep your giving a private matter between God and you Sometimes people think you are materialistic or controlling because of the importance you put on money but they misunderstand your intention of being a good steward of the resources God has entrusted to you If this sounds like you you probably want to develop your gift of giving This book addresses What Is Giving Passion and Privilege of the Gift of Giving Giving An Extension of God s Grace Avoiding the Pitfalls When Fulfilling the Gift of Giving The Role of the Gift of Giving in the Local Church Giving God s Way Finding Your Place on the Ministry Team Identifying Your Gift of Giving A Two Year Plan to Begin Thinking Like a Giver How to Discern Worthy Ministries to Support Seven chapters and three appendixes Includes 68 page book in PDF format not audio on CD item 916C also available as downloadable PDF item 916 It is not available in print We recommend that you also read How to Find Meaning and Fulfillment through Understanding the Spiritual Gift Within You to gain a better understanding of spiritual gifts and how they relate to your daily life and ministry How to Find Meaning and Fulfillment is available in a revised edition in PDF file format as a Download 904 or on CD 904C not audio and in print 904T NOTE When you select this item 916C you are ordering the CD version The CD is NOT an audio but a PDF file of the book which you may view and read on your computer or print out for reading and study **The Gift of Giving** Wayne Watts, 1982 [The Question of the Gift](#) Mark Osteen, 2013-09-13 The Question of the Gift is the first collection of new interdisciplinary essays on the gift Bringing together scholars from a variety of fields including anthropology literary criticism economics philosophy and classics it provides new paradigms and poses new questions concerning the theory and practice of gift exchange In addressing these questions contributors not only challenge the conventions of their fields but also combine ideas and methods from both the social sciences and humanities to forge innovative ways of confronting this universal phenomenon **The Gifting God** Stephen H. Webb, 1996-04-18 Theories of generosity or gift giving are becoming increasingly important in recent work in philosophy and religion Stephen Webb seeks to build on this renewed interest by surveying a distinctively modern and postmodern approach to the issue of generosity and then developing a theological framework for it He contends that in many ways society has become suspicious of charity and generosity This cynicism has led to quick and easy judgments that in turn have led to a new orthodoxy with its own troubling consequences Webb believes that we need to recover the generosity that our culture obscures behind this monologue on self interest and that theology as

a form of critical thought can play a helpful role Throughout the book Webb argues for a theory of giving that is other oriented without being self negating He maintains that the generosity of God's grace properly understood can reorient our own idea of the gift and must be correlated to our own practices of exchange and reciprocity **The Gift in Antiquity** Michael Satlow, 2013-02-22 The Gift in Antiquity is an exciting and learned dialogue with Marcel Mauss's The Gift Forms and Functions of Exchange in Archaic Societies published ninety years ago The essays engage Mauss's model offering critique and nuance and sometimes push Mauss's insights far beyond what he had imagined While many anthologies are useful for the one or two essays they contain this volume offers a tightly organized collection useful as a reader in classics religion or anthropology courses John S Kloppenborg University of Toronto The Gift in Antiquity offers a rousing demonstration of the lessons to be learned from Marcel Mauss's early insight that gift giving offers a privileged way to understand social relations and social obligations The book brims with the excitement of scholars from different disciplines building on a common theoretical tool to offer new perspectives on topics in their own fields as well as on the foundational concept of the gift itself It is a book that all scholars of the ancient Mediterranean and Near East as well as all scholars interested in the gift will want to read David I Kertzer Brown University In his seminal essay The Gift 1922 French sociologist Marcel Mauss proposed an original theoretical framework for thinking about gift giving practices Emphasizing that all gifts were total social facts that created bonds of reciprocity between communities and individuals Mauss's framework has been fundamental in anthropological research The Gift in Antiquity applies Mauss's notion of gift giving as a catalyst in strengthening group bonds to the study of antiquity This thought provoking collection of 14 original essays covers such wide ranging topics as vows in the Hebrew Bible ancient Greek wedding gifts Hellenistic civic practices Latin literature Roman and Jewish burial practices and Jewish and Christian religious gifts along with wider theoretical and methodological reflections Collectively the essays open up a cross cultural dialogue that generates new ways of thinking about both antiquity and theories of gift giving and reciprocity The Gift in Antiquity offers illuminating insights into the enduring value of Mauss's work and the influential nature of reciprocity and exchange throughout the course of history **The Gift of Giving** Doreen Virtue, 1995-03-01

Japanese Culture and Behavior Takie Sugiyama Lebra, William P. Lebra, 1986-08-01 Every chapter offers insights into one aspect or other of contemporary Japanese life Newly included are discussions on such topics as dinner entertainment skiing cross culturally male chauvinism as a manifestation of love in marriage and domestic violence Ten chapters have been retained from the first edition because they have achieved the status of classics **The Gift** Glen Scrivener, 2019-09-01 A lively and thought provoking introduction to the God who gives at Christmas Nothing beats the feeling of giving or receiving the perfect gift The most meaningful gifts we receive make us feel known loved and valued And when we give a gift like that it's like we're putting ourselves in our present And at Christmas that's exactly what God did This light hearted and lively book explores how our gift giving traditions show us a glimpse of a giving God Evangelist Glen Scrivener helps readers to

celebrate the gift of life in a world brimming with beauty before taking us to John 3 16 to unwrap the Christmas gift that can give us what we've always wanted and what we really need

The Gift of the World Charles Miller, 2000 Until recently and partly because of the political circumstances of the Romanian church prior to 1989 English speaking readers have had access to very little of Staniloae's writing But his great masterpiece Orthodox Dogmatic Theology is at last beginning to appear Staniloae's theological stature has been compared to Barth Rahner and Schillebeeckx In him we meet not only a contemporary master of Orthodox thought but a Christian thinker of ecumenical proportions one who addresses the needs and aspirations of Christians living in a technological age and who offers an important and timely contribution to Green theology The present volume is described by the author as a prolegomenon to the reading of Staniloae It takes one vital theme from the centre of his dogmatic system that of creation as the primordial gift of God and shows how this applies both to sacramental theology and to ecclesiology Containing a guide to the works of Staniloae Charles Miller's book will be of immense value to all those who are struggling to understand the meaning of the created order Anglicans Catholics and Orthodox alike
