The Wine of My Life Norm Wolford, 2017-04-24 What is it all about What is wine made from What is in it What are we drinking One substance makes up 80 percent of every single bottle of wine Can you guess what that 80 percent is It is not grapes It is not sugar Its water In fact all manufactured beverages are in the neighborhood of 80 percent water This is one of the very basics that wine uses water as a carrier as the base Of course we too are made up of 75 percent 80 percent water Let us clarify wine makers do not add water to the wine they make to reach 80 percent This is simply the natural proportion of water in wine Choose a single grape and that grape is 75 percent to 85 percent water Therefore that is where it begins Theres no water added it just comes naturally with the grape The nature of water itself is another whole story but it is true that water is colorless and odorless It can be in three states liquid gas and solid The atom of water is so unique and is one of the strongest of the atoms It takes so much energy to be able to break it apart Water is life itself and water is the first and the most basic aspect of wine

A History of Wine Herbert Warner Allen, 1961

The Wines of the Bible A. M. Wilson, 1877 Having been a teetotaler for more than thirty years the author's personal habits associations and sympathies have all been in favor of the unfermented theory but the facts encountered in the present investigation have constrained him reluctantly to conclude that so far as the wines of the ancients

are concerned unfermented wine is a myth Preface Major Powell's Inquiry, "Whence Came the American Indians?" James Wickersham,1899 **Gods and Heroes, Or the Kingdom of Jupiter** Robert Edward Francillon,1896 **The Curious World of Wine** Richard Vine,2012-11-06 The Curious World of Wine is a fascinating miscellany about the colorful characters celebrated places and quirky events surrounding wine making Recounting wine tales that are by turns amusing surprising and occasionally a bit naughty wine expert Richard Vine reveals little known facts such as The oldest vineyard still producing grapes is thought to be in Maribor Slovenia where vines up to four hundred years old remain fruitful Plonk a term used to insult any modestly priced wine got its name from the French words for white wine vin blanc pronounced vawn blawnk which was corrupted to plawnk or plonk Thomas Jefferson was so eager to plant native French vines at his Monticello mansion that he nearly went bankrupt fruitlessly hiring experts to defeat a condition that caused European vines to mysteriously die in North American soil Touching wineglasses as a toast was originally a deft move to exchange a splash of wine into each other's cup to ensure that neither party was being poisoned The Curious World of Wine will keep any wine fan entertained and enlightened from the most erudite connoisseur to Two Buck Chuck devotees **Bible studies: the Internat.
