The Goddess Of Ganymede:

The Goddess of Ganymede Michael D. Resnick, 1967 **God and the Goddesses** Barbara Newman, 2016-01-14 Contrary to popular belief the medieval religious imagination did not restrict itself to masculine images of God but envisaged the divine in multiple forms In fact the God of medieval Christendom was the Father of only one Son but many daughters including Lady Philosophy Lady Love Dame Nature and Eternal Wisdom God and the Goddesses is a study in medieval imaginative theology examining the numerous daughters of God who appear in allegorical poems theological fictions and the visions of holy women We have tended to understand these deities as mere personifications and poetic figures but that Barbara Newman contends is a mistake These goddesses are neither pagan survivals nor versions of the Great Goddess constructed in archetypal psychology but distinctive creations of the Christian imagination As emanations of the Divine mediators between God and the cosmos embodied universals and ravishing objects of identification and desire medieval goddesses transformed and deepened Christendom's concept of God introducing religious possibilities beyond the ambit of scholastic theology and bringing them to vibrant imaginative life Building a bridge between secular and religious conceptions of allegorized female power Newman advances such questions as whether medieval writers believed in their goddesses and if so in what manner She investigates whether the personifications encountered in poetic fictions can be distinguished from those that appear in religious visions and questions how medieval writers reconcile their statements about the multiple daughters of God with orthodox devotion to the Son of God Furthermore she examines why forms of feminine God talk that strike many Christians today as subversive or heretical did not threaten medieval churchmen Weaving together such disparate texts as the writings of Latin and vernacular poets medieval schoolmen liturgists and male and female mystics and visionaries God and the Goddesses is a direct challenge to modern theologians to reconsider the role of goddesses in the Christian tradition **The God of Rome** Julia Hejduk, 2020-03-02 Inspiring reverence and blasphemy combining paternal benignity with sexual violence transcendent universality with tribal chauvinism Jupiter represents both the best and the worst of ancient religion Though often assimilated to Zeus Jupiter differs from his Greek counterpart as much as Rome differs from Greece the god of Rome conveys both Jupiter's sovereignty over Rome and his symbolic encapsulation of what Rome represents Understanding this dizzyingly complex figure is crucial not only to the study of Roman religion but also to the study of ancient Rome more generally The God of Rome examines Jupiter in Latin poetry's most formative and fruitful period the reign of the emperor Augustus As Roman society was transformed from a republic or oligarchy to a de facto monarchy Jupiter came to play a unique role as the celestial counterpart of the first earthly princeps While studies of Augustan poetry may glance at Jupiter as an Augustus figure or Augustus as a Jupiter figure they rarely explore the poets portrayal of the god as a character in his own right This book fills that gap exploring the god's manifestations in the five major Augustan poets Virgil Horace Tibullus Propertius and Ovid It provides a fascinating window on a transformative period of history as well as a

comprehensive view of the poets individual personalities and shifting concerns **The Fourfold Path** Magdalena Lovejoy, How Do We Become Free and Enter into the Mystery of Life The Fourfold Path takes us on a healing journey inspired by the philosopher Plato and his teachings on how to know yourself by transcending all limitations within the human space The model of transcendence leaves behind the metaphors we live by to pioneer humankind into the deepest and most powerful gnosis ever attained through the love of wisdom Through transcendence you can discover how to free yourself from the suffering that obstructs the complete vision of the soul You can heal from the unconscious processes and go beyond the limitations of the ego Once you have learned the Path you can attain enlightenment and become like God and attain the characteristics of divinity immortality and bliss Transcendence is basic to all human cultures who move through the limitless possibilities given to humankind to evolve using the wisdom of the mind and the wisdom of the heart This wisdom invites us to go deeper and move from self realization to knowledge of God Life itself inspires this change through the experiences of love birth death miracles blessings and family True enlightenment occurs when we process these life experiences as lessons on a soul journey that initiate a spiritual awakening It is as simple as arguing that there are two identities a true self and a false self Philosophy is the means to know the difference between the two while transcendence is the path that can lead humankind to know the truth When humankind comes to know their true selves they will be set free from suffering This is the ascent toward what Plato called The Good which many believe is also called God The Fourfold Path shows us how to leave behind the limitations of the human space to discover a sacred place in communication and communion with Spirit so you can become one with God and find true happiness **A Reading of Petronius' Satyricon** Lee Fratantuono, 2023-08-22 Few surviving works of classical literature have cast the haunting hilarious insightful and eerie spell conjured by the Satyricon of the Neronian courtier and eventual victim Petronius Fragmentary opaque and enigmatic at times it seems that deception and obfuscation are the favorite tricks of its author A Reading of Petronius Satyricon offers a fresh look at this genre defying masterpiece proceeding episode by episode and scene by scene through a vision of the hell that humanity has fashioned for itself Petronius mercilessly and exactly appraises Rome's embrace of the Golden Age dreams of the Augustan principate judging his fellow citizens and himself by the yardstick of the Neronian reign that broods over them like an avenging specter Petronius Satyricon offers medicine for ambulatory corpses a prescription that consists of notifying the dead of the diagnosis and of pointing out the inevitable and eminently logical antidote for those consumed by insatiable hunger and unfulfillable longing Bitterly sardonic and preternaturally serene Lee Fratantuono's reading reveals Petronius to be nothing less than the ultimate literary voice of a dying dynasty a prose and poetic verbal magician of serious intention a virtuoso in the art of unmasking the ghoulish horror and inconsolable sadness that lurk often just below the surface of the comic [An Etymological Index to Shakespeare's Play of As You Like it](#) Francis Cardew Woodforde, 1884 *All about Texas Boiled Down ... as it Was--as it Is--and as it Will Be!* W.
