

The American Odyssey

Chapter 20 - The Civil Rights Struggle

American Odyssey Chapter And Unit Tests

Susan Green, Robert L Johnson

American Odyssey Chapter And Unit Tests:

North American Odyssey Craig E. Colten, Geoffrey L. Buckley, 2014-03-27 This groundbreaking volume offers a fresh approach to conceptualizing the historical geography of North America by taking a thematic rather than a traditional regional perspective. Leading geographers building on current scholarship in the field explore five central themes. Part I explores the settling and resettling of the continent through the experiences of Native Americans, early European arrivals, and Africans. Part II examines nineteenth century European immigrants, the reconfiguration of Native society, and the internal migration of African Americans. Part III considers human transformations of the natural landscape in carving out a transportation network, replumbing waterways, extracting timber and minerals, preserving wilderness, and protecting wildlife. Part IV focuses on human landscapes, blending discussions of the visible imprint of society and distinctive approaches to interpreting these features. The authors discuss survey systems, regional landscapes, and tourist and mythic landscapes, as well as the role of race, gender, and photographic representation in shaping our understanding of past landscapes. Part V follows the urban impulse in an analysis of the development of the mercantile city, nineteenth and twentieth century planning, and environmental justice. With its focus on human-environment interactions, the mobility of people, and growing urbanization, this thoughtful text will give students a uniquely geographical way to understand North American history. Contributions by Derek H. Alderman, Timothy G. Anderson, Kevin Blake, Christopher G. Boone, Geoffrey L. Buckley, Craig E. Colten, Michael P. Conzen, Lary M. Dilsaver, Mona Domosh, William E. Doolittle, Joshua Inwood, Ines M. Miyares, E. Arnold Modlin, Jr., Edward K. Muller, Michael D. Myers, Karl Raitz, Jasper Rubin, Joan M. Schwartz, Steven Silvern, Andrew Sluyter, Jeffrey S. Smith, Robert Wilson, William Wyckoff, and Yolonda Youngs.

The African-American Odyssey Media Research Update Board of Trustees Professor of African American Studies and Professor of History, Darlene Clark Hine, Darlene Clark Hine, William C. Hine, Stanley Harrold, 2004-02. For one two semester undergraduate courses in African American History, African American Studies, and United States History. The Media and Research update edition includes a new CD ROM bound into every book that includes over 150 primary source documents in African American history, each accompanied by essay questions. In addition, the CD ROM also contains media rich activities that explore key episodes and developments. Finally, free access to Research Navigator is included in the Evaluating Online resources booklet that is packaged with all new copies of the text. With it, students can access this powerful research tool with one site. Written by leading scholars, The African American Odyssey is a clear and comprehensive narrative of African American history from its African roots to the 21st century. This text places African American history at the center and in the context of American History.
