From Uncle Tom's Cabin to The Help C. Garcia, V. Young, C. Pimentel, 2014-08-13 This book surveys the cultural literary and cinematic impact of white authored films and imaginative literature on American society from Harriet Beecher Stowe's Uncle Tom's Cabin to Kathryn Stockett's The Help. **Sick Schools** David V. Anderson, 2020-01-10 Who's afraid of for profit education Those who work in non profit or government owned and operated schools Many parents and other stakeholders have been made fearful by this education establishment What's more important to humans nutrition or education Nutrition is more important because it is the prerequisite for other human activities including education What organizations provide food and who pays for the food Food is provided by for profit farmers for profit processors for profit wholesalers and for profit retailers Most food is purchased with the consumers own money but a significant amount is purchased by low income individuals using food stamps Why can't education be provided similarly using education stamps We trust for profit enterprises to provide our food Why can't we trust for profit enterprises to provide K-12 education Fearmongers have frightened us and made us into gullible compliant socialists who despise commercial activities in education Go to the supermarket and ponder its marvelous array of foods and then contemplate how a for profit K-12 education sector would please and amaze its customers

[Whitewashing War](#) Christopher Leahey, 2015-04-24

Whitewashing War explores perhaps the most critical issue social studies educators presently face How do we teach our students about war In this timely book Christopher Leahey investigates how the political struggles over the social studies curriculum the corporate domination of the textbook and testing industry and the curricular constraints of the No Child Left Behind Act combine to stifle historical inquiry and deprive students of meaningful social studies instruction Using the controversial Vietnam War as a case study Leahey holds textbook narratives up to the light illuminating how the adoption process interpretive framework and selection of evidence combine to transform the past into thinly veiled historical myths By attending to questions traditionally ignored in history education this dynamic book Challenges educators to rethink their pedagogical approaches to military conflict American and otherwise Calls on teachers to develop students critical sensibilities to ask questions conduct research evaluate evidence and make meaning of the past Provides classroom lessons for history educators and students to engage in rich intellectual encounters with the historical record Christopher R. Leahey teaches world history in upstate New York His articles have appeared in Social Education and The Social Studies If students are to be prepared for the challenges of the 21st century then we need to provide inspired interdisciplinary instruction that can provide the skills values and knowledge to enable our future citizens with the possibility promise and perspective to transform their world Whitewashing War provides that solid interdisciplinary framework for teachers and students to teach and learn about the myth of war Critical Education Leahey echoes a concern expressed by others that history textbooks fail to address the realities of war CHOICE The crowning achievement of Whitewashing War is that it clearly illustrates the

necessity of pursuing rational answers about why things are as they are or were as they were It becomes clear upon reading this book that if we help our students pursue rational answers in the course of creating personally meaningful understandings of the world they will figure out just what it is that needs to be done From the Foreword by E Wayne Ross University of British Columbia The author has done a masterful job of exploring issues of historiography pedagogy textbook debates and critical thinking Through a deep examination of two historical turning points in the Vietnam War he has contrasted the known facts of these periods with the accounts contained in the textbooks Rick Ayers Graduate School of Education UC Berkeley A passionate and powerful analysis Christopher Leahey provides penetrating insight into how Americans teach about their wars As such his book is an invaluable aid to understanding the past and its connection to our current predicament Fredrik Logevall Cornell University Whitewashing War challenges the fundamental assumptions underlying the corporate regime of standards textbooks and testing and exposes the distortions manipulation and lies that result Leahey builds a compelling case for critical inquiry and dialogue Highly recommended Ronald W Evans San Diego State University author of *The Social Studies Wars*
