Bang Your Head David Konow, 2009-02-25 Bang your head Metal Health ll drive you mad Quiet Riot Like an episode of VH1 s Behind the Music on steroids Bang Your Head is an epic history of every band and every performer that has proudly worn the Heavy Metal badge Whether headbanging is your guilty pleasure or you firmly believe that this much maligned genre has never received the respect it deserves Bang Your Head is a must read that pays homage to a music that s impossible to ignore

especially when being blasted through a sixteen inch woofer Charting the genesis of early metal with bands like Black Sabbath and Iron Maiden the rise of metal to the top of the Billboard charts and heavy MTV rotation featuring the likes of Def Leppard and Metallica hitting its critical peak with bands like Guns N Roses disgrace during the hair metal 80s and a demise fueled by the explosion of the Seattle grunge scene and the alternative revolution Bang Your Head is as funny as it is informative and proves once and for all that there is more to metal than sin sex and spandex To write this exhaustive history David Konow spent three years interviewing the bands wives girlfriends ex wives groupies managers record company execs and anyone who was or is a part of the metal scene including many of the band guys often better known for their escapades and bad behavior than for their musicianship Nothing is left unsaid in this jaw dropping funny and entertaining chronicle of power ballads outrageous outfits big hair bigger egos and testosterone drenched debauchery Open Minds to Equality Nancy Schniedewind, Ellen Davidson, 2014 This is an educator's sourcebook of activities to help students understand and change inequalities based on race gender class age language sexual orientation physical mental ability and religion The activities also promote respect for diversity and interpersonal equality among students fostering a classroom that is participatory cooperative and democratic An essential resource for teachers leaders in professional development and curriculum specialists Features of the book include ready to implement learning activities in both traditional and interdisciplinary curriculum areas and inclusive framework for thinking about diversity and responding practically to various forms of difference in classrooms a variety of lesson styles including role plays case studies dilemma stories cooperative learning activities interviews data analysis and creative and expository writing The Ambassadorial Diary of John W. Laishley, 2011 Claire Laishley wasn't particularly concerned when she found a lump in her breast She'd had two others removed over the years both benign and at the time the doctor had intimated there would probably be more But this time things would be different The Diary of Delores D Lump covers the twelve month period from the day breast cancer was diagnosed It is a powerful story that takes the reader on an emotional journey through the harsh treatment regime which in Claire's case leads to unexpected and life threatening side effects But although the subject matter is serious this story also captures the author's sense of humour and indomitable spirit Like her previous book My Mother is my Daughter which told the story of how dementia in her mother changed the dynamic of their relationship the author manages to inject humour into what many would feel was yet another humourless subject Along with the humour there is a blunt honesty in her writing she is not afraid to detail her emotional lows and many will relate to her story **Billboard**, 1995-11-25 In its 114th year Billboard remains the world's premier weekly music publication and a diverse digital events brand content and data licensing platform Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment
