War **The Russo-Japanese War in Cultural Perspective, 1904-05** D. Wells, S. Wilson, 1999-08-24 The Russo Japanese War of 1904-05 has been widely seen as a historical turning point. For the first time in modern history an Asian and a European country competed on equal terms overturning the prevailing balance of power. Based on a wide range of original source material in Russian, Japanese and other languages, this book goes beyond the military and international political grand narratives to examine the war's social, cultural, literary and intellectual impact in their historical context. In Japan the war reinforced the country's self image as a coming nation while in Russia combined with the revolution of 1905 and later political and social upheaval it was seen as separating the old regime from the new. Throughout the world spirit was seen to be a decisive factor and cultural considerations determined the war's interpretation. Featuring contributions by established scholars in the fields of military history and the history and literature of both Russia and Japan, this book offers for the first time a comparative perspective on the symbolic meaning of the conflict. **Armor**, 1917 *The Russo-Japanese War* Christopher Martin, 1967 An account of the land and sea conflict between two nations that wished to dominate northern Asia examined in the light of this 1904-1905 incident's meaning to Far Eastern affairs and World War II **The Origins of the Russo-Japanese War**, 1985 The Russo-Japanese War, 1904 *Warship 2017* Stephen Dent, 2017-06-15 *Warship 2017* is devoted to the design, development and service history of the world's combat ships. Featuring a broad range of articles from a select panel of distinguished international contributors, this latest volume combines original research, new book reviews, warship notes, an image gallery and much more to maintain the impressive standards of scholarship and research from the field of warship history. This 39th edition features the usual range of diverse articles spanning the subject by an international array of expert authors.
