Vincent V twin from its arrival in 1946 and up to the present day On the road in club racing in drag races or competing for
land speed records it dominated the motorcycle world leading to the famous catchphrase coined by the factory The World's
Fastest Standard Motorcycle It was a FACT NOT a slogan Images such as that of Rollie Free in swimming trunks laying flat
on his works modified Black Shadow and taking the American motorcycle land speed record at Bonneville in 1948 have now
passed into posterity In fact the big Vincent was so ahead of its time that it continued to compete successfully almost
arrogantly in racing until the mid 1970s against modern bikes No other motorcycle in the world can claim this kind of
achievement Following the premature ending of Vincent production Fritz Egli's 1967 Egli Vincent was the first chassis
completely redesigned for a Vincent in 21 years Egli's machine inspired numerous builders for several generations and this
book traces holistically the story of all those motorcycles in the broad context of the classic and modern history of the
