The Liar in Your Life Robert Feldman, 2009-08-03 In *The Liar in Your Life* psychology professor Robert Feldman one of the world's leading authorities on deception draws on his immense body of knowledge to give fresh insights into how and why we lie how our culture has become increasingly tolerant of deception the cost it exacts on us and what to do about it His work is at once surprising and sobering full of corrections for common myths and explanations of pervasive oversimplifications Feldman examines marital infidelity little white lies career driven resum lies and how we teach children to lie Along the way he reveals despite our beliefs to the contrary how it is nearly impossible to spot a liar studies have shown no relationship between nervousness lack of eye contact or a trembling voice and acts of deception He also provides startling evidence of just how integral lying is to our culture indeed his research shows that two people meeting for the first time will lie to each other an average of three times in the first ten minutes of a conversation Feldman uses this discussion of deception to explore ways we can cope with infidelity betrayal and mistrust in our friends and family He also describes the lies we tell ourselves Sometimes the liar in your life is the person you see in the mirror With incisive clarity and wry wit Feldman has written a truthful book for anyone who whose life has been touched by deception

Ricci, 2017-07-12 In a letter to Boccaccio Petrarch extolled the virtue of poetry and letters for promoting an understanding of both human nature and morals The letter was designed to console him after hearing a prediction that he was soon to die and that he ought to renounce poetry The prophecy came from an elder renowned for his piety but Petrarch admonished that too often dishonesty and fraud are couched in religious sentiments Nothing not even death according to Petrarch ought to divert us from literature For Petrarch Virgil was the source for understanding how literary studies not only promote eloquence but enhance morals If anything literature dispels the fear of death The claims of this volume is that it may be the case that the virtuous life can be achieved by those ignorant of letters but a more direct and certain route is guaranteed by a devotion to literature The collected works in this new volume of the Transaction series Religion and Public Life heeds Petrarch's advice that literature not only orients us to life's developmental stages it can provide us with a more complete understanding of the human character while artfully advancing morals To this end Michelle Darnell's opening chapter entitled A New Age of
