which for the most part amply deserved its reputation as sexist and borderline pornographic this book situates it within its original cultural context as the result of a matrix of influences that included third wave feminism neopaganism girl power the rise of the internet the growing popularity of manga supermodel beauty ideals and the mainstreaming of pornography It explores why and how the figure of the antiheroic physically aggressive sexually objectified heroine arose within American comics culture and the commercial and ideological factors that led to the genre's rapid rise and equally rapid decline amidst the crisis racked comics industry of the mid 1990s
