Volume 1* Frederic William Maitland, 1965 **Letters of Frederic William Maitland** Frederic William Maitland, 1965 **The Letters of Frederic William Maitland** Frederic William Maitland, 1995 The Letters of Frederic William Maitland C. H. S. Fifoot, 1991 *The Letters of Frederick William Maitland* Frederic William Maitland, Cecil Herbert Stuart Fifoot, Selden Society, 1965 The Life and Letters of Leslie Stephen, by Frederic William Maitland Frederic William Maitland, 1906 *The Cambridge Apostles, 1820-1914* William C. Lubenow, 1998-10-29 This book offers a highly engaging history of the world's most famous secret society the Cambridge Apostles based upon the lives careers and correspondence of the 255 Apostles elected to the Cambridge Conversazione Society between 1820 and 1914 It examines the way in which the Apostles recruited their membership the Society's discussions and its intellectual preoccupations From its pages emerge such figures as F D Maurice John Sterling John Mitchell Kemble Richard Trench Fenton Hort James Clerk Maxwell Henry Sidgwick Lytton Strachey E M Forster and John Maynard Keynes The careers of these and many other leading Apostles are traced through parliament government letters and in public school and university reform The book also makes an important contribution in discussing the role of liberalism imagination and friendship at the intersection of the life of learning and public life This is a major contribution to the intellectual and social history of the nineteenth and early twentieth centuries and to the history of the University of Cambridge It demonstrates in impressive depth just how and why the Apostles forged original themes in modern intellectual life *Learning the Law* Jonathan Bush, Alain A. Wijffels, 1999-01-01 The essays in this text deal with aspects of British legal learning It traces the tradition of learning dating back to the Middle Ages and how the inns of court provided the equivalent of a legal university The essays describe how before the middle of the 19th century there was little formal provision of legal education in Britain and that law in the ancient universities was not intended to have practical value and entrance to the bar was not dependent upon written examination Inventing the Middle Ages Norman Cantor, 2023-06-29 The Middle Ages in our cultural imagination are besieged with ideas of wars tournaments plagues saints and kings knights lords and ladies In his era defining work *Inventing the Middle Ages* Norman Cantor shows that these presuppositions are in fact constructs of the twentieth century Through close study of the lives and works of twenty of the twentieth century's most prominent medievalists Cantor examines how the genesis of this fantasy arose in the scholars spiritual and emotional outlooks which influenced their portrayals of the Middle Ages In the course of this vigorous scrutiny of their scholarship he navigates the strong personalities and creative minds involved with deft skill Written with both

students and the general public in mind *Inventing the Middle Ages* provided an alternative framework for the teaching of the humanities Revealing the interconnection between medieval civilisation the culture of the twentieth century and our own assumptions Cantor provides a unique standpoint both forwards and backwards As lively and engaging today as when it was first published in 1991 his analysis offers readers the core essentials of the subject in an entertaining and humorous fashion
