The Liberal Case Against Abortion:

The Liberal Case Against Abortion Vasu Murti, 2006 Murti attempts to explore without religion one of the most contentious issues of our day the question of abortion For as much as the atomic bomb forever altered questions about war and peace so has abortion forever altered the meaning of human life and our responsibility to it By creatively and passionately using the universal question of the rights of animals Murti analyzes the rights of the unborn The power of his persuasion is not based on one or more bodies of religious thought but on sentient beings natural tendency to protect one another From the Foreword by Carol Crossed President Democrats for Life of America Activist Vasu Murti a card carrying member of the People for Ethical Treatment of Animals PETA and the American Civil Liberties Union ACLU presents a formidable case against abortion using reasoning and arguments based upon liberal philosophy *Judicial Review in an Age of Moral Pluralism* Ronald C. Den Otter, 2009-08-31 This book considers how judicial review can be improved to strike the appropriate balance between legislative and judicial power **Abortion** Michael Tooley, 2009 The newest addition to the Point Counterpoint Series Abortion Three Perspectives features a debate between four noted philosophers Michael Tooley Celia Wolf Devine Philip E Devine and Alison M Jaggar with three different perspectives on abortion the liberal pro choice approach the communitarian pro life approach and the gender justice approach Each of the authors takes a controversial position and all push their philosophical opinions to their logical limits All of the views presented are radical both in the sense of exploring fundamental assumptions and in the sense of diverging from mainstream opinion in America They do not rely on religious authority therefore their arguments address all citizens regardless of their religious beliefs The first liberal pro choice approach is Michael Tooley's After examining analyzing and challenging the most important arguments for a right to life before birth he holds that abortion is always morally permissible in itself He argues that it is unreasonable to claim that human embryos fetuses either have or develop a right to life before birth Celia Wolf Devine and Philip E Devine however take a communitarian pro life position arguing that the human organism is a person from the point at which it first came to be They also argue that because its creators are responsible for its existence the prospective parents have a moral obligation to care for its life Finally Alison Jaggar explores abortion in light of political philosophy and social justice She argues that women everywhere have a human right to abortion that abortion rights are necessary for gender equality and that the availability of abortion is indispensable for public health and social development As philosophers the authors have special skills in critical analysis and thinking systematically about values Because they do not rely on religious authority their arguments address all citizens regardless of their religious beliefs By drawing examples from real life employing logic philosophy and empirical data and addressing views of abortion from across other disciplines the authors present a well informed and up to date discussion Advanced courses in ethics contemporary moral problems sex and gender and bioethics will find this text useful and relevant *The Problem of Abortion* Joel Feinberg, 1984 A collection of readings on abortion

intended for applied ethics courses **Consistently Opposing Killing** Rachel M. MacNair, Stephen Zunes, 2008-04-30 This work explains an increasingly popular view dubbed the Consistent Life Ethic which holds that all life deserves reverence so all social support for actions that destroy life should be withdrawn The call is for opposition to abortion capital punishment euthanasia and other forms of killing to be consistent Supporters of this view shared widely in these pages include figures from the Dalai Lama and Nobel Peace Prize winner Malread Corrifon Maguire to actor Martin Sheen and Village Voice columnist Nat Hentoff It is at once an ethical religious and political ideology explored here in its application to actions from treatment of unborn humans to infants the disabled the poverty stricken war combatants and animals In the work at hand contributors explain the history of the pro life movement its growth and expansion how these types of seemingly disparate killing are all linked why a Consistent Life Ethic is needed and how individuals can take steps to assure this ethic is more widely accepted Against the Imperial Judiciary Matthew J. Franck, 1996 Franck s reexamination of the place of natural law in the early Supreme Court is fresh illuminating and long overdue His scholarship is incisive and profound and the exegeses of early Supreme Court opinions are often brilliant Robert L Clinton author of Marbury v Madison and Judicial Review *The Human Life Review* , 2005 Reports of Cases Argued and Determined in the Supreme Court of the State of Wisconsin Wisconsin. Supreme Court, Philip Loring Spooner, Abram Daniel Smith, Obadiah Milton Conover, Frederic King Conover, Frederick William Arthur, Frederick C. Seibold, 1897 Rehnquist Justice Earl M. Maltz, 2003 With seven of its justices appointed by Republican presidents today s Supreme Court has significantly altered America s legal landscape since 1986 by tilting constitutional jurisprudence to the right That was the goal of Presidents Reagan and Bush in filling court vacancies and has been felt in cases related to federalism economic rights and affirmative action However liberal issues such as abortion have moved only marginally to the right while rulings by the Court on school prayer and gay rights have moved constitutional doctrine slightly to the left In this collection of original articles prominent constitutional scholars are joined by new voices from the cutting edge of academia to subject the Rehnquist Court to closer scrutiny and to show that its brand of conservatism is less extreme than many have supposed Reflecting views across the political spectrum the contributors help readers understand the Court dynamic its constrained conservatism and the forces that shape constitutional law in general As these authors show the overall pattern of decision making in the Rehnquist era cannot be attributed to any single unified approach to constitutional analysis Instead today s Court can only be understood as the product of a complex interaction among individual justices each with an idiosyncratic view of the proper interpretation of the Constitution and the role of the Court in the American political system These provocative essays are designed to provide readers with insight into this interaction by focusing on each member of the bench From the staunch conservatism of Clarence Thomas to the accommodationism of Sandra Day O Connor to the liberal constitutionalism of David Souter the essays analyze the unique approach of each justice to interpreting the Constitution They also show that the current justices are the product of a

nomination and confirmation process that has undergone a major transformation in recent decades one which favors experienced often unknown jurists over high profile public servants By concentrating attention on its members Rehnquist Justice allows us to better understand the Supreme Court as a whole And by assessing today s judiciary in light of a public philosophy that looks askance at government it shows us that the Supreme Court has truly become a mirror of its times

Politics and Judgment in Federal District Courts C. K. Rowland, Robert A. Carp, 1996 A major empirical and theoretical work that has the potential for becoming a classic in the field Sheldon Goldman author of *The Federal Courts as a Political System* This provocative theoretical approach should be of great interest to scholars and students of the federal bench Elliott E Slotnick editor of *Judicial Politics* **Fortnight**, 1993 British Medical Journal, 1885 *Political Dynamics of Constitutional Law* Louis Fisher, Neal Devins, 1996 *Choice*, 2008 **Fidelity**, 1993 The Lancet, 1870 *Worldview*, 1980 **Life and Learning** University Faculty for Life. Conference, 2006 Life and Learning XVI University Faculty for Life. Conference, 2007 A Conception of Toleration C. L. Ten, 2004 The Marshall Cavendish Signature Series is targeted at the intelligent layman reader and aims to enhance and enrich the readers appreciation of major life events and subjects Featuring easy to read small format books the series comprises contributions from leading Asian scholars in diverse fields in the humanities and social sciences such as political science sociology economics geography and the environment social work psychology philosophy and religion Intended to provoke thought and debate each book in the series is a collection of general essays and commentaries from a particular field This book is a collection of the authors writings that centers on the idea of toleration deftly applying the philosophical concept to issues in everyday life religion legislation on pornography etc Drawing on works from Locke and Mill to works from contemporary philosophers the author also discusses notions of justice democracy freedom and autonomy in this down to earth and hig
