and important new voices on Bartók. While each essay can be read independently together they provide a coherent view of Bartók's life and work. The book includes integrative theoretic analytical approaches to Bartók's musical language and studies of his system of composition from its early stages to maturity. It also includes explorations of Bartók's folk music materials in connection with his fieldwork transcription techniques classification methodology and compositional influences. Many of the chapters examine the broad historical philosophical and cultural questions intimately linked to Bartók's work. **The Vocal Music of Bela Bartók** Ellen Germann, 1963      **Bela Bartók and Turn-of-the-Century Budapest** Judit Frigyesi, 1998-03-23

Bartók's music is greatly prized by concertgoers yet we know little about the intellectual milieu that gave rise to his artistry. Bartók is often seen as a lonely genius emerging from a gray background of an underdeveloped country. Now Judit Frigyesi offers a broader perspective on Bartók's art by grounding it in the social and cultural life of turn of the century Hungary and the intense creativity of its modernist movement. Bartók spent most of his life in Budapest an exceptional man living in a remarkable milieu. Frigyesi argues that Hungarian modernism in general and Bartók's aesthetic in particular should be understood in terms of a collective search for wholeness in life and art and for a definition of identity in a rapidly changing world. Is it still possible Bartók's generation of artists asked to create coherent art in a world that is no longer whole. Bartók and others were preoccupied with this question and developed their aesthetics in response to it. In a discussion of Bartók and of Endre Ady the most influential Hungarian poet of the time Frigyesi demonstrates how different branches of art and different personalities responded to the same set of problems creating oeuvres that appear as reflections of one another. She also examines Bartók's *Bluebeard's Castle* exploring philosophical and poetic ideas of Hungarian modernism and linking Bartók's stylistic innovations to these concepts.
