**Birch** Robert H. W. Welch Jr.,2013-10 This is a new release of the original 1954 edition **The Family of John Birch & Ann Craven in the Nineteenth Century** Wendel K. Walton,2008 John Birch son of Edward Birch d 1793 and Elizabeth Hanley was born in 1775 in Bareland Radnorshire Wales He married Ann Craven 1778 1846 daughter of Samuel Craven and Judith Stephens in 1803 in Worcester England They had nine children He died in 1852 in Herefordshire England Ann immigrated to America with three of her children in 1841 She died in 1846 in Sugar Creek Iowa Ancestors descendants and relatives lived mainly in England Wales and Utah *Wrapped in the Flag* Claire Conner,2013-07-02 A narrative history of the John Birch Society by a daughter of one of the infamous ultraconservative organization s founding fathers Named a best nonfiction book of 2013 by Kirkus Reviews and the Tampa Bay Times Long before the rise of the Tea Party movement and the prominence of today s religious Right the John Birch Society first established in 1958 championed many of the same radical causes touted by ultraconservatives today including campaigns against abortion rights gay rights gun control labor unions environmental protections immigrant rights social and welfare programs the United Nations and even water fluoridation Worshipping its anti Communist hero Joe McCarthy the Birch Society is perhaps most notorious for its red baiting and for accusing top politicians including President Dwight Eisenhower of being Communist sympathizers It also labeled John F Kennedy a traitor and actively worked to unseat him The Birch Society boasted a number of notable members including Fred Koch father of Charles and David Koch who are using their father s billions to bankroll fundamentalist and right wing movements today The daughter of one of the society s first members and a national spokesman about the society Claire Conner grew up surrounded by dedicated Birchers and was expected to abide by and espouse Birch ideals When her parents forced her to join the society at age thirteen she became its youngest member of the society From an even younger age though Conner was pressed into service for the cause her father and mother gave their lives to the nurturing and growth of the JBS She was expected to bring home her textbooks for close examination her mother found traces of Communist influence even in the Catholic school curriculum to write letters against socialized medicine after school to attend her father s fiery speeches against the United

Nations or babysit her siblings while her parents held meetings in the living room to recruit members to fight the war on Christmas or potentially poisonous water fluoridation Conner was on deck to lend a hand when JBS notables visited including founder Robert Welch notorious Holocaust denier Revilo Oliver and white supremacist Thomas Stockheimer Even when she was old enough to quit in disgust over the actions of those men Conner found herself sucked into campaigns against abortion rights and for ultraconservative presidential candidates like John Schmitz It took momentous changes in her own life for Conner to finally free herself of the legacy of the John Birch Society in which she was raised In *Wrapped in the Flag* Claire Conner offers an intimate account of the society based on JBS records and documents on her parents files and personal writing on historical archives and contemporary accounts and on firsthand knowledge giving us an inside look at one of the most radical right wing movements in US history and its lasting effects on our political discourse today **The Life of John**

**Birch** Robert Henry Winborne Welch,1954 *Asia First* Joyce Mao,2015-06-09 After Japanese bombs hit Pearl Harbor the American right stood at a crossroads Generally isolationist conservatives needed to forge their own foreign policy agenda if they wanted to remain politically viable When Mao Zedong established the People s Republic of China in 1949 with the Cold War just underway they had a new object of foreign policy and as Joyce Mao reveals in this fascinating new look at twentieth century Pacific affairs that change would provide vital ingredients for American conservatism as we know it today Mao explores the deep resonance American conservatives felt with the defeat of Chiang Kai Shek and his exile to Taiwan which they lamented as the loss of China to communism and the corrosion of traditional values In response they fomented aggressive anti communist positions that urged greater action in the Pacific a policy known as Asia First While this policy would do nothing to oust the communists from China it was powerfully effective at home Asia First provided American conservatives a set of ideals American sovereignty selective military intervention strident anti communism and the promotion of a technological defense state that would bring them into the global era with the positions that are now their hallmark

**The Story of a Great Delusion in a Series of Matter-of-fact Chapters** William White,1885 **The Commonwealth**,1962 *The Note Book of the Rev. Thomas Jolly* Thomas Jollie,1895 **The Law Reports**,1870 [A Conspiratorial Life](#) Edward H. Miller,2022-02-23 This biography of Robert Welch the founder of the John Birch Society documents how his idiosyncratic philosophizing infused right wing politics in America Edward H Miller explores every aspect of Welch detailing his youthful egotism his innovations in candy making his mix of brilliance and incompetence and the development of his raging political beliefs The John Birch Society was long seen as occupying the farthest reaches of the political spectrum blending paleo conservatism libertarianism paranoia and rabid anti Communism Miller demonstrates how the Society became central to Republican grassroots operations and how Welch became a guiding light of the right on a par with William F Buckley *John Birch* Terry Lautz,2015-12-01 John Birch was better known in death than life Shot and killed by Communists in China in 1945 he posthumously became the namesake for a right wing organization whose influence is still

visible in today's Tea Party This is the remarkable story of who he actually was an American missionary turned soldier who wanted to save China but became a victim instead Terry Lautz a longtime scholar of U S China relations has investigated archives spoken with three of Birch's brothers found letters written to the women he loved and visited sites in China where he lived and died The result John Birch A Life is the first authoritative biography of this fascinating figure whose name was used for a political cause Raised as a Baptist fundamentalist Birch became a missionary to China prior to America's entry into the Second World War After Pearl Harbor he volunteered for the U S Army in China served with Claire Chennault commander of the famed Flying Tigers and operated behind enemy lines as an intelligence officer He planned to resume his missionary work after the war but was killed in a dispute with Communist troops just days after Japan's surrender During the heyday of the Cold War in the 1950s Robert Welch a retired businessman from Boston chose Birch as the figurehead for the John Birch Society believing that his death was evidence of conspiracy at the highest levels of government The Birch Society became one of the most polarizing organizations of its time and the name of John Birch became synonymous with right wing extremism Cutting through the layers of mythology surrounding Birch Lautz deftly presents his life and his afterlife placing him not only in the context of anti communism but in the longstanding American quest to shape China's destiny
